The Korean Vegan Cookbook Joanne Lee Molinaro, 2021-10-12 THE INSTANT NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST NEW COOKBOOKS OF THE YEAR BY Epicurious • EATER • Stained Page • Infatuation • Spruce Eats • Publisher's Weekly • Food52 • Toronto Star The dazzling debut cookbook from Joanne Lee Molinaro, the home cook and spellbinding storyteller behind the online sensation @thekoreanvegan Joanne Lee Molinaro has captivated millions of fans with her powerfully moving personal tales of love, family, and food. In her debut cookbook, she shares a collection of her favorite Korean dishes, some traditional and some reimaged, as well as poignant narrative snapshots that have shaped her family history. As Joanne reveals, she's often asked, "How can you be vegan and Korean?" Korean cooking is, after all, synonymous with fish sauce and barbecue. And although grilled meat is indeed prevalent in some Korean food, the ingredients that filled out bapsangs on Joanne's table growing up—doenjang (fermented soybean paste), gochujang (chili sauce), dashima (seaweed), and more—are fully plant-based, unbelievably flavorful, and totally Korean. Some of the recipes come straight from her childhood: Jjajangmyun, the rich Korean-Chinese black bean noodles she ate on birthdays, or the humble Gamja Guk, a potato-and-leek soup her father makes. Some pay homage: Chocolate Sweet Potato Cake is an ode to

the two foods that saved her mother's life after she fled North Korea. The Korean Vegan Cookbook is a rich portrait of the immigrant experience with life lessons that are universal. It celebrates how deeply food and the ones we love shape our identity.

The Zero-Waste Chef Anne-Marie Bonneau,2021-04-13 *SILVER WINNER for the 2022 Taste Canada Award for Single-Subject Cookbooks* *SHORTLISTED for the 2021 Gourmand World Cookbook Award* A sustainable lifestyle starts in the kitchen with these use-what-you-have, spend-less-money recipes and tips, from the friendly voice behind @ZeroWasteChef. In her decade of living with as little plastic, food waste, and stuff as possible, Anne-Marie Bonneau, who blogs under the moniker Zero-Waste Chef, has preached that zero-waste is above all an intention, not a hard-and-fast rule. Because, sure, one person eliminating all their waste is great, but thousands of people doing 20 percent better will have a much bigger impact. And you likely already have all the tools you need to begin. In her debut book, Bonneau gives readers the facts to motivate them to do better, the simple (and usually free) fixes to ease them into wasting less, and finally, the recipes and strategies to turn them into self-reliant, money-saving cooks and makers. Rescue a hunk of bread from being sent to the landfill by making Mexican Hot Chocolate Bread Pudding, or revive some sad greens to make a pesto. Save 10 dollars (and the plastic tub) at the supermarket with Yes Whey, You Can Make Ricotta Cheese, then use the cheese in a galette and the leftover whey to make sourdough tortillas. With 75 vegan and vegetarian recipes for cooking with scraps, creating fermented staples, and using up all your groceries before they go bad--including end-of-recipe notes on what to do with your ingredients next-- Bonneau lays out an attainable vision for a zero-waste kitchen.

The Cute and the Cool Gary Cross,2004-04-01 The twentieth century was, by any reckoning, the age of the child in

America. Today, we pay homage at the altar of childhood, heaping endless goods on the young, reveling in memories of a more innocent time, and finding solace in the softly backlit memories of our earliest years. We are, the proclamation goes, just big kids at heart. And, accordingly, we delight in prolonging and inflating the childhood experiences of our offspring. In images of the naughty but nice Buster Brown and the coquettish but sweet Shirley Temple, Americans at mid-century offered up a fantastic world of treats, toys, and stories, creating a new image of the child as cute. Holidays such as Christmas and Halloween became blockbuster affairs, vehicles to fuel the bedazzled and wondrous innocence of the adorable child. All this, Gary Cross illustrates, reflected the preoccupations of a more gentle and affluent culture, but it also served to liberate adults from their rational and often tedious worlds of work and responsibility. But trouble soon entered paradise. The cute turned into cool as children, following their parental example, embraced the gift of fantasy and unrestrained desire to rebel against the saccharine excesses of wondrous innocence in deliberate pursuit of the anti-cute. Movies, comic books, and video games beckoned to children with the allures of an often violent, sexualized, and increasingly harsh worldview. Unwitting and resistant accomplices to this commercial transformation of childhood, adults sought-over and over again, in repeated and predictable cycles-to rein in these threats in a largely futile jeremiad to preserve the old order. Thus, the cute child--deliberately manufactured and cultivated--has ironically fostered a profoundly troubled ambivalence toward youth and child rearing today. Expertly weaving his way through the cultural artifacts, commercial currents, and parenting anxieties of the previous century, Gary Cross offers a vibrant and entirely fresh portrait of the forces that have defined American childhood.

She Think She Cute! Dr. Katina Tolbert-Cavitt,2012-02-09 Several years ago I served as Dean of Students at my school. I was responsible for handling discipline problems.. As I would recommend discipline according to my district;'s uniform discipline code handbook, I began to notice an alarming trend in the students who were referred to my office for discipline. Students who were fighting, arguing, bullying were getting younger and younger. My normal pre-teen hormone driven offenders were being outnumbered by six, seven and eight year-old girls. Alarmed by this, I decided to conduct in-house research to gain insight as to where they were getting this behavior from. I received permission to conduct the research from my principal, and promised to share my findings with him, my colleagues and most importantly, their parents. I created a survey and distributed it to 3-8th grade girls. I analyzed the results and was horrified by what they yielded. Their behavior was a carbon-copy of how we, African-American women, treat each other. The envy, jealousy, contempt that these girls had for each other is displayed by us! Puzzled and concerned, I began to think about how we as a school can began to have dialogue with the students to become change agents. But in order to get them to change, we ourselves must do so. This led me into further reflection on how we treat each other at work, in church, and in our family. I began with myself, and there my journey began. I welcome you to follow my journey as I go from the researching a subject, to becoming the subject of my research! As you read my story, it WILL eventually become yours! You will see some unflattering and often ugly behavior. Most was done by me at church, at work and with my family. I throw myself under the bus, but I take a few of you under with me. Remember the objective is to heal, not hurt. If you can't say "Amen", say "Ouch!".
