The Lives, Loves, and Art of Arthur B. Davies Bennard B. Perlman, 1999-03-11 This is the first full-length biography of the American artist Arthur B. Davies, who played a major role in twentieth-century American art's coming-of-age. It was Davies who made possible the landmark exhibitions of The Eight and The Rockwell Kent Independent, and in 1913 he emerged as the mastermind behind the Armory Show, the first large-scale display of European modern art in the United States. Dozens of the country's best-known collectors purchased their initial avant-garde acquisitions at this show, and U.S. artists, in turn, could no longer be kept in check by the conservative National Academy after viewing works by Duchamp, Matisse, Picasso, and others. Drawing on extensive archival research, including previously unavailable letters and diaries, this book covers the breadth and depth of the artist's life and career, from his boyhood in Utica in the 1860s; through his close association with

such artists and collectors as Robert Henri, John Sloan, Alfred Stieglitz, Lizzie Bliss, and Abby Aldrich Rockefeller; to his death in Italy in 1928 in the company of his mistress, with whom he had lived a secret double life as David A. Owen for more than twenty years. Included are 101 color and black-and-white illustrations of Davies's own work, ranging from romantic dream visions to fragmented cubist forms, as well as photographs depicting his family and friends. Davies, who worked in over twenty different media, was called one of the foremost artists in this country and one of the greatest artists of our time, and his work is represented in major collections throughout the United States. The illustrations alone, many of works in private collections and available here to the public for the first time, as well as the appended chronology, exhibition checklist, and list of addresses, make this a valuable addition to the library of every art dealer, curator, and student of American art. But equally fascinating is the story of the forces, personalities, and relationships that helped shape the course of twentieth-century American art.
