Baxter's Explore the Book J. Sidlow Baxter, 2010-09-21 Explore the Book is not a commentary with verse-by-verse annotations. Neither is it just a series of analyses and outlines. Rather, it is a complete Bible survey course. No one can finish this series of studies and remain unchanged. The reader will receive lifelong benefit and be enriched by these practical and understandable studies. Exposition, commentary, and practical application of the meaning and message of the Bible will be found throughout this giant volume. Bible students without any background in Bible study will find this book of immense help as will those who have spent much time studying the Scriptures, including pastors and teachers. Explore the Book is the result and culmination of a lifetime of dedicated Bible study and exposition on the part of Dr. Baxter. It shows throughout a deep awareness and appreciation of the grand themes of the gospel, as found from the opening book of the Bible through Revelation.

Sophie's World Jostein Gaarder, 2007-03-20 A page-turning novel that is also an exploration of the great philosophical concepts of Western thought, Jostein Gaarder's Sophie's World has fired the imagination of readers all over the world, with

more than twenty million copies in print. One day fourteen-year-old Sophie Amundsen comes home from school to find in her mailbox two notes, with one question on each: Who are you? and Where does the world come from? From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondence course, covering Socrates to Sartre, with a mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.

Materials for the Study of Social Symbolism in Ancient & Tribal Art Carl Schuster, Edmund Carpenter, 1988

Frozen Tombs of Siberia Сергей Иванович Руденко, 1970 Sergei Ivanovich Rudenko was a prominent Russian/Soviet anthropologist and archaeologist who discovered and excavated the most celebrated of Scythian burials, Pazyryk in Siberia. During the excavation of Pazyryk tombs, he discovered the world's most spectacular tattooed mummy said to belong to the Pazyryk Culture which flourished between the 7th and 3rd centuries BC. Herodotus and other ancient writers referred to the Altay as the golden mountain. It was there that the impregnable citadel of the Scythians (or Sacae) lay hidden for centuries. Rudenko, however, was cautious enough not to assign his findings to the Scythians. He attributed the kurgan finds to the formidable Iron Age horsemen and warriors, whom he dubbed the Pazyryks. Although they left no written records, Pazyryk artifacts are distinguished by a sophisticated level of artistry and craftsmanship. The Pazyryk tombs discovered by Rudenko were in an almost perfect state of preservation. They contained skeletons and intact bodies of horses and embalmed humans, together with a wealth of artifacts including saddles, riding gear, a chariot, rugs, clothing, jewelry, musical instruments, amulets, tools, and an apparatus for inhaling hemp smoke. Also found in the tombs were fabrics from Persia and China, which the Pazyryks must have obtained on journeys covering thousands of miles.
