**Lawn Gone!** Pam Penick,2013-02-12 A colorful guide covering the basics of replacing a traditional lawn with a wide

variety of easy-care, no-mow, drought-tolerant, money-saving options that will appeal to today's busy, eco-conscious homeowner. Americans pour 300 million gallons of gas and 1 billion hours every year into mowing their lawns, not to mention 70 million pounds of pesticides and \$40 billion for lawn upkeep. No Wonder the anti-lawn movement is thriving, as today's eco-conscious consumers realize that their traditional lawns are water-hogging, chemical-ridden, maintenance-intensive burdens. *Lawn Gone!*, from award-winning gardening blogger Pam Penick, is the first basic introduction to low-water, easy-care lawn alternatives for beginning gardeners, written in a friendly style with an approachable package. It covers all the available time-saving options: alternative grasses, ground cover plants, artificial turf, hardscaping, mulch, and more. In addition, it includes step-by-step lawn-removal methods, strategies for dealing with neighbors and homeowner associations, and how to minimize your lawn if you're not ready to go all the way.

*66 Square Feet* Marie Viljoen, 2013-09-03 "With lush photographs and spare prose" a Brooklyn blogger shares recipes and "records her life as a gardener, a cook and an urban forager." (The New York Times) Marie Viljoen's beautiful first book draws the reader into a world of unfolding seasons, seen from the perspective of an expert gardener, cook and photographer. Each chapter is a month, divided into three parts: New York City, the author's garden, and her kitchen, each setting the stage for a lavish seasonal menu with recipes drawn from farmers markets, wild-foraged ingredients, and produce grown on her city terrace and roof farm. Named for the size of her tiny Brooklyn terrace, and the blog it inspired, Viljoen's book is a unique perspective of the concrete jungle, where the month is known by the flowers in bloom, the vegetable in season, and the migrating birds crossing a Brooklyn sky. Set against a backdrop of growing up in South Africa and moving to the United States, meeting her French husband, and finding a culinary and emotional home in Brooklyn, Viljoen's book is a love letter to living seasonally in the most famous city on the planet. "If you don't think of this city as a living ecosystem, Marie Viljoen will change your perspective forever." —Edible Brooklyn "Offer[s] visions of growing, cooking and sharing fresh food as central to living a good life." —Seattle Times

The Bee Cottage Story Frances Schultz, 2015-07-07 Inspired by Frances Schultz's popular House Beautiful magazine series on the makeover of her East Hampton house, Bee Cottage, what began as a decorating book evolved into a memoir combining the best elements of both: beautiful photos and a compelling personal story. Schultz taps into what she learned during her renovations of Bee Cottage—determining how each area in the house and garden would be used and furnished—to unravel the question of how a mature, intelligent, successful woman could have made such a mess of her personal life. As she figures out each room over a period of years, Frances finds a new path in life, also a continual process. She comes to learn that, like decorating a home, our lives must adapt to who we are and what we need at different points along the way. The Bee Cottage Story is part memoir, part home decorating guide. Frances discusses the kinds of useful, commonsense design issues that professionals take for granted and the rest of us just may not think of, prompting the reader to examine and discover her own “truth” in decorating—and in her life.

The Art of Hosting and Decorating Lydie J. Stassart, 2015-03-20 One way or another, whether at the occasion of a child's birthday party, a weekend at the lake, a luncheon, a neighborhood holiday party, a breakfast gathering, or a lavish soire, we are all bound to entertain. Entertaining should not be considered a burden; it should be fun and enjoyable. No matter what the local customs are, there is a universal savoir faire. It is usually around a table that ideas are exchanged, new projects are started, and friendships are made. I want to share with you some guidelines, ideas, and tips I have learned over the years while entertaining on both sides of the Atlantic and to help you acquire those skills, no matter what your entertaining abilities are, to turn a dinner party into a memorable evening for you and your guests. I will also incorporate some designing rules and ideas as far as lighting, furniture placement, colors, and accessories. As a little girl, I remember watching my mother and grandmother set tables, wondering how you could go from a simple wooden table to such an elaborate dcor. It was magical, and I was fascinated by the artistry of it all. As I grew up, I spent endless hours leafing through decorating magazines, scrutinizing every detail of interiors. I hope to share my passion and pass down what I have learned to my daughters, granddaughters, and now you.
