A Thousand Darknesses Ruth Franklin, 2010-11-19 What is the difference between writing a novel about the Holocaust and fabricating a memoir? Do narratives about the Holocaust have a special obligation to be 'truthful'--that is, faithful to the facts of history? Or is it okay to lie in such works? In her provocative study *A Thousand Darknesses*, Ruth Franklin investigates these questions as they arise in the most significant works of Holocaust fiction, from Tadeusz Borowski's Auschwitz stories to Jonathan Safran Foer's postmodernist family history. Franklin argues that the memory-obsessed culture of the last few decades has led us to mistakenly focus on testimony as the only valid form of Holocaust writing. As even the most canonical texts have come under scrutiny for their fidelity to the facts, we have lost sight of the essential role that imagination plays in the creation of any literary work, including the memoir. Taking a fresh look at memoirs by Elie Wiesel and Primo Levi, and examining novels by writers such as Piotr Rawicz, Jerzy Kosinski, W.G. Sebald, and Wolfgang Koeppen, Franklin makes a persuasive case for literature as an equally vital vehicle for understanding the Holocaust (and for memoir as an equally ambiguous form). The result is a study of immense depth and range that offers a lucid view of an often cloudy field.

Minimalista Shira Gill, 2021-11-02 Elevate your personal style, trim your belongings, and transform your life, one room at a time, with this visionary lifestyle and home organization book from professional organizing expert, Shira Gill. “Warm, funny, and direct, Shira builds you up while helping you edit down to the best version of yourself.”—Stacy London, New York Times bestselling author of *The Truth About Style* As a professional home organizer with clients ranging from students to multi-millionaires, Shira Gill observed that clutter is a universal stress trigger. Over the years she created a signature decluttering and organization process that promotes sustainability, achieves lasting results, and can be applied to anyone, regardless of their space or lifestyle. Rather than imposing strict rules and limitations, Shira redefines minimalism as having the perfect amount of everything—for you—based on your personal values and the limitations of your space. Now, in *Minimalista*, Shira shares her complete toolkit for the first time, built around five key steps: Clarify, Edit, Organize, Elevate, and Maintain. Once you learn the methodology you'll dive into the hands-on work, choose-your-own-adventure style: knock out a room, or even a single drawer; style a bookshelf; donate a sweater. Shira teaches that the most important thing you can do is start, and that small victories, achieved one at a time, will snowball into massive transformation. Broken into small, bite-sized chunks, *Minimalista* makes it clear that if the process is fun and easy to follow, anyone can learn the principles of editing and organization.
