Bright Bazaar Will Taylor, 2014-04-29 Known for his bold and refreshing take on color, Will Taylor, the founder of Bright Bazaar—one of the world's leading interior design blogs—shares his secrets to choosing colors that work for every room in your house. The House that Pinterest Built Diane Keaton, 2017-10-10 At once a style guide, an inspirational tome, and a how-to volume on creating one's home, this book will serve as a go-to reference for all those seeking to spur their own creativity as they embark on the creation of home. When Diane Keaton decided that she wanted to build her own home from the ground up, she took the advice of her dear friend, film director Nancy Meyers, and took to the boards of Pinterest to find inspiration. There she discovered the practical and the fantastical, elements and styles long adored and ones that she never knew she was drawn to. Keaton's dream house was officially under way and this book that resulted is a compelling account of her that house, from idea to realization in brick, stone, and wood. *The House that Pinterest Built* defines what home and house mean to the celebrated movie star, who is known for her love affair with houses and design. Filled with ideas that reveal a personal yet engaging aesthetic, this volume includes compelling photos from Keaton's past homes and those she admires, as well as a multitude of details from every corner of those spaces and objects that excite and inspire the house designer and dreamer—dramatic staircases and magical light fixtures, film stills and book covers, pottery and art—drawn from the visual treasure trove known as Pinterest and Keaton's private collection, as she creates and designs her newest house. Rich imagery is accompanied by Keaton's ideas for selecting furniture, kitchen layout, and bedroom design; she talks about the importance of lighting in the bathroom and why the living room needs to be reimaged. Beyond the interior, she explores curb appeal and environmental sensitivity, always with an eye to making home the way it should be—a place of tranquility, a place where one is restored and where one returns to dream again and again. The book culminates in the dream realized, the house she has imagined, designed, and made, now shared with the world for the first time in all-new photography. "If you want to explore. If you love to see. If you're looking to look; this book is an example of a home made from the gifts of other people's addictive yearnings for the perfect home, with the perfect landscape and the perfect interior. It illustrates my choices of your choices. Who knows, you might find one of your pins here. You might smile. You might shake your head and

say, 'This isn't what I had in mind.' You might think: 'Hey that's my kitchen. She copied my kitchen.' But the truth is, as much as I tried, I could never entirely recreate the light filled photograph of a kitchen that led the way to the journey that brought me here. No one can." - Diane Keaton

Urban Pioneer Sara Emslie, 2023-09-12 Bestselling author Sara Emslie shines a spotlight on urban industrial style and shows how reclaimed materials can bring warmth and personality to your living space. New pressures on housing mean that pioneering homeowners are converting ex-industrial, non-residential spaces into innovative homes, while others are taking inspiration from the industrial look to bring character to newbuild interiors. In the 1960s and '70s, many urban warehouses

and factories became vacant, attracting the first wave of artists and creatives seeking large, affordable studio spaces. Since then, industrial areas in many cities have become sought-after residential districts and urban regeneration has gone from strength to strength. Nowadays the trend shows no sign of waning, with a second generation of urban pioneers cleverly converting former lofts, warehouses, schools, factories, offices and retail spaces into unique and highly desirable homes. In *Urban Pioneer*, Sara Emslie investigates the practicalities of transforming non-residential spaces into homes, the key elements of the look—from exposed brickwork to copper piping and metal roof trusses—and the related rise in the popularity of industrial design. She then explores twelve inspiring and varied real-life homes that showcase the very best of the Urban Pioneer look.

Notes on Decor, Etc. Paul Fortune, 2021-03-30 Interior design legend Paul Fortune opens his design portfolio and shares his inimitable worldview in this monograph-cum-memoir. Arriving in Los Angeles from London during the 1970s, Paul Fortune gradually made his way as a graphic artist, art director of music videos, and even nightclub owner. But with the renovation of his own now legendary Laurel Canyon house in 1978, Fortune's career as an interior designer was born. Fortune Design Studio, based in Los Angeles, has been operating since 1982, enjoying the patronage of discerning clients worldwide, whose ranks include Marc Jacobs, Sofia Coppola, and David Fincher. Exhibiting a distinct style widely recognized for its integration of refinement with lived-in comfort, Fortune's designs are uniquely geared toward accommodating the history and material integrity of each chosen venture. In *Notes on Décor, Etc.*, Fortune--a natural raconteur--not only documents his favorite of these timelessly elegant projects but also his life and times as a designer, an expatriate, and an Angeleno in a one-of-a-kind chronicle that *Architectural Digest*, in its 2018 AD 100 list, describes as, A tell-all monograph-cum-memoir detailing significant projects and stories from Fortune's peregrinations through the beau monde.
