Mother and Child Claiborne Swanson Frank,2018-04-01 In the latest body of work by author and photographer Claiborne Swanson Frank, the artist set out to explore what modern motherhood means in the 21st century. Turning her lens on 70 iconic families of mothers and children from such celebrated names as Delfina Figueras, Carolina Herrera, Lauren Santo Domingo, Anne Vyalitsyna, Aerin Lauder, and Patti Hansen, Swanson Frank's stunning portraits capture the emotional bonds and beauty that frame the primal relationship of a mother and her child. Complementing her work is a series of questions-and-answers, in which Swanson Frank delicately tasks each mother to look within themselves and express what being a mother truly means to them. Their answers, while exceedingly thoughtful and introspective, are also amusing, fascinating, and moving. Each one of these deeply intimate and stunning portraits will captivate and inspire readers as they embark on this profound journey that reminds us all of the power of motherhood and the great gift of love.

Dog Shaming Pascale Lemire,2013-09-24 Based on the runaway web phenomenon (dogshamingdotcom), Dog Shaming features the most hilarious, most shameful, and never-before-seen doggie misdeeds. Our dogs are our best friends. They are always happy to see us. They comfort us in our times of need. They also eat our shoes, stain our carpets, and embarrass us in front of our guests. Dog owners everywhere have found their outlet in Dog Shaming, where they can confess their dogs' biggest (and often grossest!) sins, which turn out to be recognizably universal—complete with snapshots of ridiculously cute but shamed pups who don't seem capable of humping humans, pooping on pillows, or snagging steak straight from a grill. So share in the shaming and laugh through your frustration as Dog Shaming reminds us that unconditional love goes both ways.

The First Forty Days Heng Ou, Amely Greeven, Marisa Belger, 2016-04-26 After labor, it's time for rest: A gentle guide to
zuo yuezi, the ancient Chinese practice of postpartum self-care, including sixty simple recipes. The first forty days after the

birth of a child offer an essential and fleeting period of rest and recovery for the new mother. Based on Heng Ou's own postpartum experience with *zuo yuezi*, a set period of "confinement" in which a woman remains at home focusing on healing and bonding with her baby, *The First Forty Days* revives the lost art of caring for the mother after birth. As modern mothers are pushed to prematurely "bounce back" after delivering their babies, and are often left alone to face the physical and emotional challenges of this new stage of their lives, the first forty days provide a lifeline—a source of connection, nourishment, and guidance. This book includes sixty simple recipes for healing soups, replenishing meals and snacks, and calming and lactation-boosting teas, all formulated to support the unique needs of the new mother. In addition to recipes, this warm and encouraging guide offers advice on arranging a system of help during the postpartum period, navigating relationship challenges, and honoring the significance of pregnancy and birth. Fully illustrated, it is a practical guide and inspirational read for all new mothers and mothers-to-be—the perfect ally during the first weeks with a new baby. "Bringing our attention back to the importance of the postpartum period for new mothers helps to create space for this essential period of integration and recovery . . . an invaluable companion during the first 40 days and beyond." —Ricki Lake & Abby Epstein, filmmakers, *The Business of Being Born*

Fierce Attachments Vivian Gornick, 2005-09-14 Vivian Gornick's *Fierce Attachments*—hailed by the *New York Times* for the renowned feminist author's "mesmerizing, thrilling" truths within its pages—has been selected by the publication's book critics as the #1 Best Memoir of the Past 50 Years. In this deeply etched and haunting memoir, Vivian Gornick tells the story of her lifelong battle with her mother for independence. There have been numerous books about mother and daughter, but none has dealt with this closest of filial relations as directly or as ruthlessly. Gornick's groundbreaking book confronts what Edna O'Brien has called "the principal crux of female despair": the unacknowledged Oedipal nature of the mother-daughter bond. Born and raised in the Bronx, the daughter of "urban peasants," Gornick grows up in a household dominated by her intelligent but uneducated mother's romantic depression over the early death of her husband. Next door lives Nettie, an attractive widow whose calculating sensuality appeals greatly to Vivian. These women with their opposing models of femininity continue, well into adulthood, to affect Gornick's struggle to find herself in love and in work. As Gornick walks with her aged mother through the streets of New York, arguing and remembering the past, each wins the reader's admiration: the caustic and clear-thinking daughter, for her courage and tenacity in really talking to her mother about the most basic issues of their lives, and the still powerful and intuitively-wise old woman, who again and again proves herself her daughter's mother. Unsparring, deeply courageous, *Fierce Attachments* is one of the most remarkable documents of family feeling that has been written, a classic that helped start the memoir boom and remains one of the most moving examples of the genre. "[Gornick] stares unflinchingly at all that is hidden, difficult, strange, unresolvable in herself and others—at loneliness, sexual malice and the devouring, claustrophobic closeness of mothers and daughters...[*Fierce Attachments* is] a portrait

of the artist as she finds a language—original, allergic to euphemism and therapeutic banalities—worthy of the women that raised her.”—The New York Times
