Human Dimension and Interior Space Julius Panero, Martin Zelnik, 2014-01-21 The study of human body measurements on a comparative basis is known as anthropometrics. Its applicability to the design process is seen in the physical fit, or interface, between the human body and the various components of interior space. *Human Dimension and Interior Space* is the first major anthropometrically based reference book of design standards for use by all those involved with the physical planning and detailing of interiors, including interior designers, architects, furniture designers, builders, industrial designers, and students of design. The use of anthropometric data, although no substitute for good design or sound professional judgment should be viewed as one of the many tools required in the design process. This comprehensive overview of anthropometrics consists of three parts. The first part deals with the theory and application of anthropometrics and includes a special section dealing with physically disabled and elderly people. It provides the designer with the fundamentals of anthropometrics and a basic understanding of how interior design standards are established. The second part contains easy-to-read, illustrated anthropometric tables, which provide the most current data available on human body size, organized by age and percentile groupings. Also included is data relative to the range of joint motion and body sizes of children. The third part contains hundreds of dimensioned drawings, illustrating in plan and section the proper anthropometrically based relationship between user and space. The types of spaces range from residential and commercial to recreational and institutional, and all dimensions include metric conversions. In the Epilogue, the authors challenge the interior design profession, the building industry, and the furniture manufacturer to seriously explore the problem of adjustability in design. They expose the fallacy of designing to accommodate the so-called average man, who, in fact, does not exist. Using government data, including studies prepared by Dr. Howard Stoudt, Dr. Albert Damon, and Dr. Ross McFarland, formerly of the Harvard School of Public Health, and Jean Roberts of the U.S. Public Health Service, Panero and Zelnik have devised a system of interior design reference standards, easily understood through a series of charts and situation drawings. With *Human Dimension and Interior Space*, these standards are now accessible to all designers of interior environments.

Creating Home Keith Summerour, 2017-03-14 From acclaimed architect and designer Keith Summerour comes an alluring new book of carefully crafted dwellings that redefine the idea of home for today. When we think about what home is, many of us would say a house that is soulful and welcoming, a place with an inviting porch and a lush garden, a welcoming

entryway and well-crafted living spaces that will nurture our private moments and expand to welcome guests. In this alluring new book, Keith Summerour shares nine houses, exploring their architecture, interiors, and grounds, to illustrate a new idea of home. Reinterpreting and making new his own Southern legacy that speaks both of aristocratic charm and homespun appeal, these homes range from rustic retreats that draw their power from the land to elegant manor houses, but all share extraordinary character and charm that nod to history while reflecting the way people wish to live in the world today. Enriched by the work of some of the top interior decorators working today, including Beth Webb, Barbara Westbrook, Circa Interiors, and Liza Bryan, as well as world-renowned landscape designers Jeremy Smearman and John Howard, and beautifully illustrated with all-new photography, *Creating Home* is the ultimate dream book.

Sprint Jake Knapp, John Zeratsky, Braden Kowitz, 2016-03-08 From inside Google Ventures, a unique five-day process for solving tough problems, proven at thousands of companies in mobile, e-commerce, healthcare, finance, and more. Entrepreneurs and leaders face big questions every day: What's the most important place to focus your effort, and how do you start? What will your idea look like in real life? How many meetings and discussions does it take before you can be sure you have the right solution? Now there's a surefire way to answer these important questions: the Design Sprint, created at Google by Jake Knapp. This method is like fast-forwarding into the future, so you can see how customers react before you invest all the time and expense of creating your new product, service, or campaign. In a Design Sprint, you take a small team, clear your schedules for a week, and rapidly progress from problem, to prototype, to tested solution using the step-by-step five-day process in this book. A practical guide to answering critical business questions, *Sprint* is a book for teams of any size, from small startups to Fortune 100s, from teachers to nonprofits. It can replace the old office defaults with a smarter, more respectful, and more effective way of solving problems that brings out the best contributions of everyone on the team—and helps you spend your time on work that really matters.

The Last Last-day-of-summer Lamar Giles, 2019 *The Last Last-Day-of-Summer* reminds me that all children deserve to exist in magical spaces where their imaginations and familial bonds will them into heroism. Every single child should have the freedom to be one of The Legendary Alstons. And I, for one, am grateful to Giles, and this brilliant story, for that reminder. --Jason Reynolds, author of *Newbery Honoree Long Way Down* The legendary heroes of this legendary book are already legendary when the story begins From there things can only get legendary-er --Tom Angleberger, author of the *Origami Yoda* series Lamar Giles has written an instant classic--readers won't want their time with the *Legendary Alston Boys of Logan County* to end. --Gwenda Bond, author of the *Lois Lane* series *The Hardy Boys meets The Phantom Tollbooth*, in the new century When two adventurous cousins accidentally extend the last day of summer by freezing time, they find the secrets hidden between the unmoving seconds, minutes, and hours are not the endless fun they expected. Otto and Sheed are the local sleuths in their zany Virginia town, masters of unraveling mischief using their unmatched powers of deduction. And

as the summer winds down and the first day of school looms, the boys are craving just a little bit more time for fun, even as they bicker over what kind of fun they want to have. That is, until a mysterious man appears with a camera that literally freezes time. Now, with the help of some very strange people and even stranger creatures, Otto and Sheed will have to put aside their differences to save their town--and each other--before time stops for good.

Rising Troublemaker Luvvie Ajayi Jones,2022-05-17 *AN INSTANT NEW YORK TIMES BESTSELLER!* In this young readers edition of her New York Times bestseller Professional Troublemaker, Luvvie Ajayi Jones uses her honesty and humor to inspire teens to be their bravest, boldest, truest selves, in order to create a world they would be proud to live in. The world can feel like a dumpster fire, with endless things to be afraid of. It can make you feel powerless to ask for what you need, use your voice, and show up truly as your whole self. Add the fact that often, people might make you feel like your way of showing up is TOO MUCH. BE TOO MUCH, and use it for good. That is what it means to be a troublemaker. In this book, Luvvie Ajayi Jones - bestseller of books, sorceress of side-eyes and critic of culture - gives you the permission you might need to be the troublemaker you are, or wish to be. This is the book she needed when she was the kid who got in trouble for her mouth when she spoke up about what she felt was not fair. This is the book she needed when kids made fun of her Nigerian accent. This is the book that she needed when it was time to call herself a writer, but she was too scared. As a Rising Troublemaker, you need to know that the beautiful, audacious life you want is on the other side of doing the things that will scare you. This book will help you face and fight your fear and start living that life ASAP.

Industrial Facility Sam Hecht, Kim Colin,2018-04-06 The first monograph on the complete works of award-winning design studio Industrial Facility Sam Hecht and Kim Colin's world-renowned, London-based studio is one of the most influential in industrial design, and their work has enjoyed a global cult following thanks to its combination of simplicity and intellectual rigor. This book presents a carefully crafted visual narrative interspersed with candid conversations among key collaborators, project notes, and a collection of essays. The book concludes with a catalogue raisonné, showcasing more than 200 projects that together reveal Industrial Facility's distinct clarity of vision.

Old Home Love Candis Meredith, Andy Meredith,2017-03-07 Get to know the couple (and the houses) behind Old Home Love. Andy and Candis Meredith believe there's nothing that can't be fixed. Their passion for saving and renovating old homes, which caught the attention of HGTV, sparked the creation of their new reality series, Old Home Love. Their stunning debut book features never before seen images of more than 15 homes, (including their own, renovated by the couple themselves), do-it-yourself renovation tips and guidance, and their family's story. Old Home Love will inspire readers to discover the history and beauty behind their own homes, regardless of location or style. Andy and Candis Meredith take dilapidated houses from the 1800s and restore them to their original beauty for future homeowners to cherish for years to come. They live in Payson, Utah with their six little boys and baby girl in tow.

A Room of One's Own Virginia Woolf,2024-05-30 Virginia Woolf's playful exploration of a satirical »Oxbridge« became one of the world's most groundbreaking writings on women, writing, fiction, and gender. A Room of One's Own [1929] can be read as one or as six different essays, narrated from an intimate first-person perspective. Actual history blends with narrative and memoir. But perhaps most revolutionary was its address: the book is written by a woman for women. Male readers are compelled to read through women's eyes in a total inversion of the traditional male gaze. VIRGINIA WOOLF [1882-1941] was an English author. With novels like Jacob's Room [1922], Mrs Dalloway [1925], To the Lighthouse [1927], and Orlando [1928], she became a leading figure of modernism and is considered one of the most important English-language authors of the 20th century. As a thinker, with essays like A Room of One's Own [1929], Woolf has influenced the women's movement in many countries.

Bookshelf Design Sundae Li,2015 It is true that book always enjoys more attention than its faithful supporter-bookshelf. This book, however, is a tribute to this essential piece of furniture in our life, presenting creative bookshelf designs from around the globe which would provide fresh ideas for readers. An illustrated foldout was carefully made to introduce a brief historical development of bookshelf

VC Tom Nicholas,2019-07-09 "An incisive history of the venture-capital industry." —New Yorker "An excellent and original economic history of venture capital." —Tyler Cowen, *Marginal Revolution* "A detailed, fact-filled account of America's most celebrated moneymen." —New Republic "Extremely interesting, readable, and informative...Tom Nicholas tells you most everything you ever wanted to know about the history of venture capital, from the financing of the whaling industry to the present multibillion-dollar venture funds." —Arthur Rock "In principle, venture capital is where the ordinarily conservative, cynical domain of big money touches dreamy, long-shot enterprise. In practice, it has become the distinguishing big-business engine of our time...[A] first-rate history." —New Yorker VC tells the riveting story of how the venture capital industry arose from America's longstanding identification with entrepreneurship and risk-taking. Whether the venture is a whaling voyage setting sail from New Bedford or the latest Silicon Valley startup, VC is a state of mind as much as a way of doing business, exemplified by an appetite for seeking extreme financial rewards, a tolerance for failure and experimentation, and a faith in the promise of innovation to generate new wealth. Tom Nicholas's authoritative history takes us on a roller coaster of entrepreneurial successes and setbacks. It describes how iconic firms like Kleiner Perkins and Sequoia invested in Genentech and Apple even as it tells the larger story of VC's birth and evolution, revealing along the way why venture capital is such a quintessentially American institution—one that has proven difficult to recreate elsewhere.

Health Professions Education Institute of Medicine, Board on Health Care Services, Committee on the Health Professions Education Summit, 2003-07-01 The Institute of Medicine study *Crossing the Quality Chasm* (2001) recommended that an interdisciplinary summit be held to further reform of health professions education in order to enhance quality and patient safety. *Health Professions Education: A Bridge to Quality* is the follow up to that summit, held in June 2002, where 150 participants across disciplines and occupations developed ideas about how to integrate a core set of competencies into health professions education. These core competencies include patient-centered care, interdisciplinary teams, evidence-based practice, quality improvement, and informatics. This book recommends a mix of approaches to health education improvement, including those related to oversight processes, the training environment, research, public reporting, and leadership. Educators, administrators, and health professionals can use this book to help achieve an approach to education that better prepares clinicians to meet both the needs of patients and the requirements of a changing health care system.

Pain Management and the Opioid Epidemic National Academies of Sciences, Engineering, and Medicine, Health and Medicine Division, Board on Health Sciences Policy, Committee on Pain Management and Regulatory Strategies to Address Prescription Opioid Abuse, 2017-09-28 Drug overdose, driven largely by overdose related to the use of opioids, is now the leading cause of unintentional injury death in the United States. The ongoing opioid crisis lies at the intersection of two public health challenges: reducing the burden of suffering from pain and containing the rising toll of the harms that can arise from the use of opioid medications. Chronic pain and opioid use disorder both represent complex human conditions affecting millions of Americans and causing untold disability and loss of function. In the context of the growing opioid problem, the U.S. Food and Drug Administration (FDA) launched an Opioids Action Plan in early 2016. As part of this plan, the FDA asked the National Academies of Sciences, Engineering, and Medicine to convene a committee to update the state of the science on pain research, care, and education and to identify actions the FDA and others can take to respond to the opioid epidemic, with a particular focus on informing FDA's development of a formal method for incorporating individual and societal considerations into its risk-benefit framework for opioid approval and monitoring.

Recognized by design aficionados for his inventive, out-of-the-box approach to high-style decorating and entertaining on a budget, Eddie has re-imagined the aesthetic possibilities in secondhand finds, imbuing them with a chic and colorful sophistication within everyone's reach. His sold-out tours of flea markets across the country have empowered legions of devoted followers to find the best things they can and, at the same time, to give fresh, new life to what they may already own. A trained chef from the Culinary Institute of America, Eddie has styled parties and table settings featured in House Beautiful, Southern Living and InStyle. His design work has been published in Domino, Vanity Fair, Country Living and the New York Times. He also appeared in Bravo's interior design competition series Top Design and entertaining specials for HGTV. JAITHAN KOCHAR has designed the interiors of restaurants, clubs, hotels and retail environments around the globe. He has written for national and regional publications, including Southern Living and Hamptons magazines. He is a graduate of the Lawrenceville School in Princeton, New Jersey. He holds a Bachelor of Arts in Psychology from Stanford University and a Master of Interior Architecture from the Rhode Island School of Design.

Never Too Small Joe Beath, Elizabeth Price, 2023-04-19 Joel Beath and Elizabeth Price explore this question drawing inspiration from a diverse collection of apartment designs, all smaller than 50m²/540ft². Through the lens of five small-footprint design principles and drawing on architectural images and detailed floor plans, the authors examine how architects and designers are reimagining small space living. Full of inspiration we can each apply to our own spaces, this is a book that offers hope and inspiration for a future of our cities and their citizens in which sustainability and style, comfort and affordability can co-exist. Never Too Small proves living better doesn't have to mean living larger.

My Ideal Bookshelf Thessaly La Force, 2012-11-13 The books that we choose to keep -- let alone read -- can say a lot about who we are and how we see ourselves. In My Ideal Bookshelf, dozens of leading cultural figures share the books that matter to them most; books that define their dreams and ambitions and in many cases helped them find their way in the

world. Contributors include Malcolm Gladwell, Thomas Keller, Michael Chabon, Alice Waters, James Patterson, Maira Kalman, Judd Apatow, Chuck Klosterman, Miranda July, Alex Ross, Nancy Pearl, David Chang, Patti Smith, Jennifer Egan, and Dave Eggers, among many others. With colorful and endearingly hand-rendered images of book spines by Jane Mount, and first-person commentary from all the contributors, this is a perfect gift for avid readers, writers, and all who have known the influence of a great book.

Decorating a Room of One's Own Susan Harlan, 2018-10-09 What would Little Women be without the charms of the March family's cozy New England home? Or Wuthering Heights without the ghost-infested Wuthering Heights? Getting lost in the setting of a good book can be half the pleasure of reading, and *Decorating a Room of One's Own* brings literary backdrops to the foreground in this wryly affectionate satire of interior design reporting. English professor and humorist Susan Harlan spoofs decorating culture by reimagining its subject as famous fictional homes and "interviews" the residents who reveal their true tastes: Lady Macbeth's favorite room in the castle, or the design inspiration behind Jay Gatsby's McMansion of unfulfilled dreams. Featuring 30 entries of notable dwellings, sidebars such as "Setting Up an Ideal Governess's Room," and four-color spot illustrations throughout, *Decorating a Room of One's Own* is the ideal book for readers who appreciate fine literature and a good end table.

Following Fake Man Barbara Ware Holmes, 2009-02-25 Homer Aldrich Winthrop was a neurologist who died of a neurological illness. That's all Homer Jr.'s mother will say about his father, who died when he was 2, and any prodding for details results in silence, evasion, or sudden migraine headaches. So by age 12, Homer's given up asking. But on an unexpected trip to Maine, Homer finds himself in a place where his father had lived. In this one coastal village there must be millions of facts about his father. Now Homer must face his biggest fear—maybe there's a reason his father is such a secret. Maybe there are things he really doesn't want to know. Still, Maine gives him courage. There's something about the people he meets and the breadth of the sky that convince Homer to search for the truth—to solve the mystery of his own life.
