Packed full of fabric advice, yardage charts, upholstery tutorials, and case studies that feature salvaged and inexpensive furniture, this book is the perfect go-to-guide for the many sewers, designers, artists and creative folk who would happily dive into a flurry of fabric, staples, paints, and webbing to update and transform pieces of furniture. The first section of the book provides an overview of the tools and materials commonly used for upholstery. The second is devoted to fabric, including detailed advice on choosing and working with fabric. Section three then provides practical tutorials that are technique rather than project driven and range from quick makeovers to simple solutions for processes like webbing and springing. Twelve case studies are included, all from designers who have taken the plunge and successfully re-upholstered their home furniture. They explain their fabric and colour choices, the challenges faced and offer valuable money- and time-saving tips for stunning results.

Flash Rachel Anne Ridge,2015-04-24 The heartwarming tale of an irrepressible donkey who needed a home—and forever changed a family. Rachel Anne Ridge was at the end of her rope. The economy had crashed, taking her formerly thriving business along with it. She had been a successful artist, doing work she loved, but now she felt like a failure. How would her family pay their bills? What would the future hold? If only God would somehow let them know that everything was going to be all right . . . and then Flash the donkey showed up. If there is ever a good time to discover a wounded, frightened, bedraggled donkey standing in your driveway, this wasn't it. The local sheriff dismissed Flash as "worthless." But Rachel didn't believe that, and she couldn't turn him away. She brought Flash into her struggling family during their darkest hour—and he turned out to be the very thing they needed most. Flash is the true story of their adventures together in learning to love and trust; breaking down whatever fences stood in their way; and finding the strength, confidence, and faith to carry on. Prepare to fall in love with Flash: a quirky, unlikely hero with gigantic ears, a deafening bray, a personality as big as Texas, and a story you'll never forget.

The book includes 40 articles that explore the history and conservation of a wide range of painted wooden objects, from polychrome sculpture and altarpieces to carousel horses, tobacconist figures, Native American totems, Victorian garden furniture, French cabinets, architectural elements, and horse-drawn carriages. Contributors include Ian C. Bristow, an architect and historic-building consultant in London; Myriam Serck-Dewaide, head of the Sculpture Workshop, Institut Royal du Patrimoine Artistique, Brussels; and Frances Gruber Safford, associate curator of American decorative arts at the Metropolitan Museum of Art in New York. Upcyclist Antonia Edwards,2015-03-20 Upcycling goes upscale in this beautiful, elegant, and global collection that showcases what today's designers are creating out of yesterday's materials. Upcycling is the process of transforming seemingly low value items into something new. Today's upcyclists are creating stunning furniture, lighting, and art objects that combine values of superb craftsmanship and design with ideas of how waste can be both inspiring and informing. While the environmental and financial benefits of upcycling are readily acknowledged in *Upcyclist: Reclaimed and Remade Furniture, Lighting and Interiors*, the designers and makers profiled show how the practice can result in pieces that are as aesthetically exciting as anything created using only raw materials. Based on the author's popular website, this book features hundreds of creations from an international collection of today's most exciting designers. It is organized by material, with chapters dedicated to wood, metal, glass and ceramics, textiles, plastic, paper, and mixed media. Reclaimed tree branches and barn doors are transformed into exquisite pieces of furniture; bicycle chains into chandeliers; t-shirts into rugs; saris into upholstery. Filled with an enormous range of materials and objects, this unique book will inspire any designer or design-conscious consumer to incorporate upcycling into their creative practice or interior design projects.

Learn to Draw John Lurie,2006 This group of 14 darkly radiant images of Chicago is the latest in the Los Angeles-based artist Catherine Opie's photographic series, *American Cities*, ongoing since 1997. Seeking to uncover aspects of each city's psychic and physical identity and sense of community, Opie's series has taken on Minneapolis, St. Louis, Los Angeles, New York, and now Chicago--the American City of Architecture.
