**Fine Little Day** Elisabeth Dunker,2015-09-03 Welcome to the world of Fine Little Day. Take a peek into the fascinating life of Elisabeth Dunker. This is a woman of many talents: blogger, writer, stylist, designer, photographer and artist. This, her first book, is filled to the brim with inspiring images of everything that she takes joy in. We meet her in the studio, where she presents her workplace and sanctuary, before she introduces us to one of her greatest loves – collecting! With colourful baskets, crochet potholders, vintage embroidery patterns, Scandinavian china and retro novels just as a start... Next a tour of Elisabeth's own eclectic home. Bursting with colour and pattern, her Gothenburg apartment is an enviable mix of handmade blankets, vintage finds, bold printed wallpaper and fabrics, smart storage and classic Scandinavian furniture. She also gives us plenty of ideas for recreating the look, with quick and easy projects to try at home. Press flowers, re-use textiles in a patchwork, make pearl baskets, decorate wooden spoons or print a sweatshirt... Enjoy a trip out of the city as we are shown around Elisabeth's cabin in the woods, with atmospheric pictures of the beautiful Swedish countryside and yet more decorating ideas, this time with a more rustic feel. With home tours of Elisabeth's creative friends and partners we also meet Japanese artist Mogu Takahashi, Swedish illustrator Henning Trollbäck and hear about her successful collaboration with Swedish homewares brand House of Rym, to name a few. This inspiring book is full of pictures, fun and heart.

**Model-making** David Neat,2013-12-21 Model-making: Materials and Methods focuses primarily on the wide variety of materials that can be employed to make models; those which have been favoured for a while and those which are relatively new. The book looks at how these materials behave and how to get the best out of them, then illustrates a range of relatively simple methods of building, shaping, modelling, surfacing and painting with them. Useful features of the book include: the different uses of models in various disciplines; the sequence of making; planning and construction, creating surfaces, painting and finishing; methods of casting, modelling and working with metals; step-by-step accounts of the making of

pecially selected examples; simple techniques without the need for expensive tools or workshop facilities; a 'Directory' of a full range of materials, together with an extensive list of suppliers. This book is intended for students of theatre production, art & architecture, animation and theatre/television set designers where accurate scale models are necessary, and is also of interest to anyone involved with the process of making forms in 3D and the challenge of making small-scale forms in general. Superbly illustrated with 185 colour photographs.

Steve Giannetti's architectural designs springboard from his image of ultimate beauty—a place where modern, classical and industrial elements merge to create a unique style with a modern sense of space and emotion drawn from history. His materials palette consists of wood, metal, and stone. His color palette is a chalky patina. Twelve varied homes—ranging from a modern desert glass box and a beachfront contemporary to a historic East Coast farmhouse and a Provencal-style home in California—show how Steve has used these themes to solve unique architectural challenges. Steve has collaborated with his wife, Brooke, as well as other designers on the various interiors.

**Tricia Foley Life/Style** Tricia Foley, 2015-09-29 Designer and lifestyle authority Tricia Foley illustrates her approach to creating elegantly pared-down environments for the home and work space. Designer Tricia Foley is best known for her timeless classical style, characterized by clean lines, natural materials, and vintage furnishings—from flea-market finds to antiques—and a palette of calming hues of cream, ivory, and white. In this book, Foley addresses such aspects of home design as selecting the perfect shade of white, setting up the pantry, bringing collected objects together, creating artful tabletops, organizing the home office, and much more. A collector—of china, of linens, of books—she explains that the only way to keep harmony is through editing. The designer provides a treasure trove of useful ideas, from her favorite storage products and essential items for the guest room to seasonal entertaining ideas and holiday decor. Foley's romantic Long Island, New York, property—consisting of an eighteenth-century farmhouse and several outbuildings—serves as her personal laboratory and reflects a simple and well-designed style inherited from the basic tenets of Shaker design. Beautifully photographed, this inspiring book is a must-have for design-savvy individuals who desire a simple, but stylish, lifestyle.

We are committed to diversity of identities, origins, and perspectives on our pages. Many of our contributors are from other countries and cultures. But the main criterion by which we judge submissions is the quality of the writing. We seek work that is high concept: imaginative, thoughtful, even speculative, and open to possibilities. We look for deep, diverse characters, and narratives that blend genres, or connect seemingly disparate ideas. We currently pay \$50 for published short stories and \$25 for work under 2500 words.
