Where Women Create Jo Packham,2005 More than twenty superstars from the world of crafting--including Anna Corba, April Cornell, Sandi Genovese, and Andrea Grossman--offer their expert advice on how to design a work space where creativity can blossom. Like the bestselling Business of Bliss, it's practical, inspirational, and beautiful to behold. Research by Craft Trends Magazine reveals that 89% of all crafters are women, and that they want to work in an environment conducive to creating their art. This invaluable and very special guide helps them achieve that goal, whatever their passion. It goes straight to the experts: successful women who have made their mark in more than 10 different creative fields. These top designers and artisans offer insights gleaned from years of experience, reveal how they constructed their own creative spaces, and explain how the reader can make practical use of these decorating, organizational, and inspirational techniques as they go about designing their own work areas. Among the pertinent questions they answer: Where did you like to work as a child? What's the most important thing about having your own place to work? Are women's creative spaces different from men's? How important is it for you to organize your work, and how do you do it? Do you listen to music when you work--and what kind? The featured designers include Wendy Addison, Dena Fishbein, Jill Schwartz, and Suze Weinberg and their fields range from paper crafts to gardening. A Selection of the Crafters Choice Book Club & the Homestyle Book Club.

Tula Pink's City Sampler Tula Pink,2013-05-15 Create a sampler quilt as unique as you are! Tula Pink gives you an inspiring quilt block collection with Tula Pink's City Sampler. Make a beautiful, modern quilt of your own design with the 100 original quilt blocks or try one of the 5 city-themed sampler quilts designed by Tula. A note from Tula: You will notice...that the blocks are not named but simply numbered. This is intentional. I may have designed the blocks and given you the instructions on what to cut and where to stitch, but I have not infused the blocks with any meaning. This is your quilt. The fabrics that you choose, the colors that you use and why you are making it are what will give the quilt a purpose. Name your blocks, write in the margins, cross out the ones that you don't like, draw hearts around the ones that you love. In a perfect world, everyone's book would end up looking like a journal, coffee stains and all. The more adventurous ones might rename the book and write their own introduction. Tula Pink's City Sampler is a collaboration between you and me. I am the platform and you are the speaker, so stand on my shoulders and tell the future who you are and why you make.
