Winnipeg Modern Serena Keshavjee, 2006-09-15 A vivid, stylish, and fascinating look at internationally acclaimed architects and their work. Beginning in the 1940s, John A. Russell, dean of the School of Architecture at the University of Manitoba, nurtured a strong tradition of Modernist design with close connections to architectural giants such as Mies van der Rohe and Walter Gropius. Under Russell's guidance, a generation of young architects, such as James Donahue and David Thordarson, adapted the principles of European Modernism to the prairie geography. Other nationally renowned architects, such as Étienne Gaboury and Gustavo da Roza, also left a lasting Modernist mark on Winnipeg's skyline and private residences. Edited by Serena Keshavjee and designed by architect Herbert Enns, *Winnipeg Modern* captures the grace and beauty of the Modernist period and includes critical and historical essays on the aesthetic and social project of Modernist architecture in Winnipeg. Lavishly illustrated with 300 photographs from provincial archives, the private archives of architect Henry Kalen, and contemporary photographer Martin Tessler, this book is a testament to the Modernist principles of

structural expression and purity of form.
