The Scandinavian Home Niki Brantmark, 2017-04-18 Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Scandinavia is famous for its distinctive style: homes are pared-back and simple, and form and function are combined to create aesthetically pleasing and practical interiors. Scandinavians are inspired by light, having an abundance of it in summer but so little of it in winter, and house designs tend to maximize the amount of natural light that enters the home, and allow the inhabitants to make the most of outdoor life during the summer. Similarly, nature and the weather are major influences: homes are made warm and cozy for the freezing winter months—not just literally with log burners, but also through incorporating wood and natural materials. Here Niki Brantmark, owner of the interior design blog My Scandinavian Home, presents a wide-ranging collection of these beautiful homes and explores how the Scandinavian lifestyle is reflected in them all. The first chapter, Urban Living, features styles ranging from minimalist to bohemian, and pale palettes to dramatic dark colors. By contrast, the Country Homes tend to have a softer, calmer feel, through color and textiles, in line with a slower pace of life. Finally, the spectacular Rural Retreats include a mountain cabin, beach house, and rustic summer cottage, and demonstrate how having somewhere to escape to is so important to many Scandinavians. This collection of stunning interiors will put Scandi style within every reader's reach.

Vertical Vegetables Amy Andrychowicz,2018-10-02 *Vertical Vegetables* is the secret to making the most of your space; when you grow upward rather than outward, you will double or triple the yield from your small-space garden. In *Vertical Vegetables*, author Amy Andrychowicz shows you a thing or two about growing up. Gardening vertically, that is. With practical principles and the incisive background information you'll need to start, Amy shows you how to build nearly two dozen growing structures, including trellises, arbors, archways, wall pockets, towers, and more. Bigger yields per square foot may be the main reason for vertical growing, but vertical gardens also offer opportunities that go beyond the purely functional—they can be beautiful, too. Among the many projects in her new book, Amy has included several that are eye-wideningly stunning, especially once the garden has matured. Freestanding or wall-hung, the projects reflect a wide variety of building materials, too, including dimensional lumber, metal rebar, fabric, and even upcycled everyday objects. *Vertical Vegetables* is packed with important information, including lists of plants that are best suited for vertical growing. This beautiful project book is your key to more garden produce and improved outdoor living in any space, from tiny and urban, to large and sprawling.

Chasing Likes Carlee Krtolica, 2022-01-08 Have you ever wondered what it's really like to be an influencer? In *Chasing Likes*, Carlee shares the highs and lows of what it's really like to be an influencer. In a behind the scenes look, she shares the hard work and hustle that it takes to be successful in the field amid all the competition, drama and adolescent behavior that go along with it. Being an influencer isn't all fancy parties and gift boxes arriving at your door - it's a competitive business and there is always someone waiting to take your place. She demystifies the fallacy of what influencers post to their social media feeds and dives into the truth on how influencers make a living trading in the currency of perceptions. In what appears to be a world of wannabe reality stars, Carlee speaks to the main problem facing influencer marketing today: what she dubs the authenticity gap. *Chasing Likes* covers everything you've ever wanted to know about the influencer world from mom shaming to mean girls, frenemies, the realities of Instagram engagement, and tackling current social issues including posting the infamous black square.
