*Vessel Health and Preservation: The Right Approach for Vascular Access* Nancy L. Moureau, 2019-06-10 This Open access book offers updated and revised information on vessel health and preservation (VHP), a model concept first published in poster form in 2008 and in *JVA* in 2012, which has received a great deal of attention, especially in the US, UK and Australia. The book presents a model and a new way of thinking applied to vascular access and administration of intravenous treatment, and shows how establishing and maintaining a route of access to the bloodstream is essential for patients in acute care today. Until now, little thought has been given to an intentional process to guide selection, insertion and management of vascular access devices (VADs) and by default actions are based on crisis management when a quickly selected VAD fails. The book details how VHP establishes a framework or pathway model for each step of the patient experience, intentionally guiding, improving and eliminating risk when possible. The evidence points to the fact that reducing fragmentation, establishing a pathway, and teaching the process to all stakeholders reduces complications with intravenous therapy, improves efficiency and diminishes cost. As such this book appeals to bedside nurses, physicians and other health professionals.

**Quiches, Kugels, and Couscous** Joan Nathan, 2010-11-02 What is Jewish cooking in France? In a journey that was a labor of love, Joan Nathan traveled the country to discover the answer and, along the way, unearthed a treasure trove of recipes and the often moving stories behind them. Nathan takes us into kitchens in Paris, Alsace, and the Loire Valley; she visits the bustling Belleville market in Little Tunis in Paris; she breaks bread with Jewish families around the observation of the Sabbath and the celebration of special holidays. All across France, she finds that Jewish cooking is more alive than ever: traditional dishes are honored, yet have acquired a certain French finesse. And completing the circle of influences: following Algerian independence, there has been a huge wave of Jewish immigrants from North Africa, whose stuffed briks and

couscous, eggplant dishes and tagines—as well as their hot flavors and Sephardic elegance—have infiltrated contemporary French cooking. All that Joan Nathan has tasted and absorbed is here in this extraordinary book, rich in a history that dates back 2,000 years and alive with the personal stories of Jewish people in France today.

*Southern Italian Desserts* Rosetta Costantino, Jennie Schacht, 2013-10-08 An authentic guide to the festive, mouthwatering sweets of Southern Italy, including regional specialties that are virtually unknown in the US, as well as variations on more popular desserts such as cannoli, biscotti, and gelato. As a follow-up to her acclaimed *My Calabria*, Rosetta Costantino collects 75 favorite desserts from her Southern Italian homeland, including the regions of Basilicata, Calabria, Campania, Puglia, and Sicily. These areas have a history of rich traditions and tasty, beautiful desserts, many of them tied to holidays and festivals. For example, in the Cosenza region of Calabria, Christmas means plates piled with *griselle* (warm fritters drizzled with local honey) and *pitta 'mpigliata* (pastries filled with walnuts, raisins, and cinnamon). For the feast of Carnevale, Southern Italians celebrate with *bugie* (liars), sweet fried dough dusted in powdered sugar, meant to tattle on those who sneak off with them by leaving a wispy trail of sugar. With fail-proof recipes and information on the desserts' cultural origins and context, Costantino illuminates the previously unexplored confectionary traditions of this enchanting region.

**English Prepositions Explained** Seth Lindstromberg, 2010-08-11 This completely revised and expanded edition of *English Prepositions Explained* (EPE), originally published in 1998, covers approximately 100 simple, compound, and phrasal English prepositions of space and time - with the focus being on short prepositions such as *at*, *by*, *in*, and *on*. Its target readership includes teachers of ESOL, pre-service translators and interpreters, undergraduates in English linguistics programs, studious advanced learners and users of English, and anyone who is inquisitive about the English language. The overall aim is to explain how and why meaning changes when one preposition is swapped for another in the same context. While retaining most of the structure of the original, this edition says more about more prepositions. It includes many more figures - virtually all new. The exposition draws on recent research, and is substantially founded on evidence from digitalized

corpora, including frequency data. EPE gives information and insights that will not be found in dictionaries and grammar handbooks.

**Picturing Death 1200-1600** Stephen Perkinson,Noa Turel,2020-11-16 *Picturing Death: 1200-1600* explores the visual culture of mortality over the course of four centuries that witnessed a remarkable flourishing of imagery focused on the themes of death, dying, and the afterlife. In doing so, this volume sheds light on issues that unite two periods—the Middle

Agnes and the Renaissance—that are often understood as diametrically opposed. The studies collected here cover a broad visual terrain, from tomb sculpture to painted altarpieces, from manuscripts to printed books, and from minute carved objects to large-scale architecture. Taken together, they present a picture of the ways that images have helped humans understand their own mortality, and have incorporated the deceased into the communities of the living. Contributors: Jessica Barker, Katherine Boivin, Peter Bovenmyer, Xavier Dectot, Maja Dujakovic, Brigit Ferguson, Alison C. Fleming, Fredrika Jacobs, Henrike C. Lange, Robert Marcoux, Walter S. Melion, Stephen Perkinson, Johanna Scheel, Mary Silcox, Judith Steinhoff, and Noa Turel.

Globalization and Latin American Cinema Sophia A. McClennen, 2018-05-25 Studying the case of Latin American cinema, this book analyzes one of the most public - and most exportable- forms of postcolonial national culture to argue that millennial era globalization demands entirely new frameworks for thinking about the relationship between politics, culture, and economic policies. Concerns that globalization would bring the downfall of national culture were common in the 1990s as economies across the globe began implementing neoliberal, free market policies and abolishing state protections for culture industries. Simultaneously, new technologies and the increased mobility of people and information caused others to see globalization as an era of heightened connectivity and progressive contact. Twenty-five years later, we are now able to examine the actual impact of globalization on local and regional cultures, especially those of postcolonial societies. Tracing the full life-cycle of films and studying blockbusters like *City of God*, *Motorcycle Diaries*, and *Children of Men* this book argues that neoliberal globalization has created a highly ambivalent space for cultural expression, one willing to market against itself as long as the stories sell. The result is an innovative and ground-breaking text suited to scholars interested in globalization studies, Latin-American studies and film studies.
