Cook It in Cast Iron Cook's Country, 2016-02-23 Learn to cook it all in cast iron! The cast-iron skillet is a sturdy, versatile, traditional kitchen workhorse that 85% of us own but far fewer of us reach for daily, mostly because we have one or two recipes we use it for and otherwise it stays in the back of the cabinet. In this new cookbook, the editors of Cook's Country will show you everything you need to know about cast-iron cookware and the many (and often surprising) dishes you can cook and bake in this multitasker of a pan, from the classic dishes everyone knows and loves like steak, perfect fried eggs, and cornbread, to innovative and inspiring recipes like skillet apple pie, pizza, and cinnamon swirl bread. Learn about this cast iron's history and what makes it uniquely American and let us show you how to shop for, season, care for, and clean this perfect pan.

Heart & Soul in the Kitchen Jacques Pépin, 2015 In the companion book to his final PBS series, the world-renowned chef shows his close relationship to the land and sea as he cooks for close friends and family. Jacques P pin Heart & Soul in the Kitchen is an intimate look at the celebrity chef and the food he cooks at home with family and friends--200 recipes in all. There are the simple dinners Jacques prepares for his wife, like the world's best burgers (the secret is ground brisket). There are elegant dinners for small gatherings, with tantalizing starters like Camembert cheese with a pistachio crust and desserts like little foolproof chocolate soufflés. And there are the dishes for backyard parties, including grilled chicken tenderloin in an Argentinean chimichurri sauce. Spiced with reminiscences and stories, this book reveals the unorthodox philosophy of the man who taught millions how to cook, revealing his frank views on molecular gastronomy, the locovore movement, Julia Child and James Beard, on how to raise a child who will eat almost anything, and much, much more. For both longtime fans of Jacques and those who are discovering him for the first time, this is a must-have cookbook.

Have you ever felt guilty throwing out food? Of course, you have, but that's all about to change. The stuff you always thought of as trash just became the main course. Look into the fridge. At first glance it might not look like there's much to eat, just a mishmash of ingredients that don't go together. But carrot tops can be pesto and brown bananas are the start of an incredible cake. Suddenly you have uncovered an undiscovered treasure chest for making the most out of nothing. Joel Gamoran dives into the kitchen, changing expectations, not just about how to use all ingredients to their max, but how to make the most of every resource in your kitchen. Flip over that cast-iron skillet for a stellar pizza stone. Don't throw away those apple cores, shrimp shells, or leftover pickle juice. Transform them into gorgeous meals, such as Apple Core Butter Roasted Duck, Shrimp Shell Chowder, or Pickle Juice Brined Pork Chops. Think outside of the recipe box—learn to be creative when it comes to making food. Resourcefulness is an essential part of cooking; Gamoran's experiences in culinary schools and as a professional chef have taught him that everything in the kitchen can, and should, be used. Quiches, Kugels, and Couscous Joan Nathan, 2010-11-02 What is Jewish cooking in France? In a journey that was a labor of love, Joan Nathan traveled the country to discover the answer and, along the way, unearthed a treasure trove of recipes and the often moving stories behind them. Nathan takes us into kitchens in Paris, Alsace, and the Loire Valley; she visits the bustling Belleville market in Little Tunis in Paris; she breaks bread with Jewish families around the observation of the Sabbath and the celebration of special holidays. All across France, she finds that Jewish cooking is more alive than ever: traditional dishes are honored, yet have acquired a certain French finesse. And completing the circle of influences: following Algerian independence, there has been a huge wave of Jewish immigrants from North Africa, whose stuffed brik and couscous, eggplant dishes and tagines—as well as their hot flavors and Sephardic elegance—have infiltrated contemporary French cooking. All that Joan Nathan has tasted and absorbed is here in this extraordinary book, rich in a history that dates back 2,000 years and alive with the personal stories of Jewish people in France today.

At the Threshold of Liberty Tamika Y. Nunley,2021-01-29 The capital city of a nation founded on the premise of liberty, nineteenth-century Washington, D.C., was both an entrepot of urban slavery and the target of abolitionist ferment. The growing slave trade and the enactment of Black codes placed the city's Black women within the rigid confines of a social hierarchy ordered by race and gender. *At the Threshold of Liberty* reveals how these women--enslaved, fugitive, and free--imagined new identities and lives beyond the oppressive restrictions intended to prevent them from ever experiencing liberty, self-respect, and power. Consulting newspapers, government documents, letters, abolitionist records, legislation, and memoirs, Tamika Y. Nunley traces how Black women navigated social and legal proscriptions to develop their own ideas about liberty as they escaped from slavery, initiated freedom suits, created entrepreneurial economies, pursued education, and participated in political work. In telling these stories, Nunley places Black women at the vanguard of the history of Washington, D.C., and the momentous transformations of nineteenth-century America.

Matters of Care María Puig de la Bellacasa, 2017-03-21 To care can feel good, or it can feel bad. It can do good, it can oppress. But what is care? A moral obligation? A burden? A joy? Is it only human? In *Matters of Care*, María Puig de la Bellacasa presents a powerful challenge to conventional notions of care, exploring its significance as an ethical and political obligation for thinking in the more than human worlds of technoscience and naturecultures. *Matters of Care* contests the view that care is something only humans do, and argues for extending to non-humans the consideration of agencies and communities that make the living web of care by considering how care circulates in the natural world. The first of the book's two parts, "Knowledge Politics," defines the motivations for expanding the ethico-political meanings of care, focusing on discussions in science and technology that engage with sociotechnical assemblages and objects as lively, politically charged "things." The second part, "Speculative Ethics in Antiecollogical Times," considers everyday ecologies of sustaining and perpetuating life for their potential to transform our entrenched relations to natural worlds as "resources." From the ethics and politics of care to experiential research on care to feminist science and technology studies, *Matters of Care* is a singular contribution to an emerging interdisciplinary debate that expands agency beyond the human to ask how our understandings of care must shift if we broaden the world.

America's White Table Margot Theis Raven, 2013-08-15 The White Table is set in many mess halls as a symbol for and remembrance to service members fallen, missing, or held captive in the line of duty. Solitary and solemn, it is the table where no one will ever sit. As a special gift to her Uncle John, Katie and her sisters are asked to help set the white table for dinner. As their mother explains the significance of each item placed on the table Katie comes to understand and appreciate the depth of sacrifice that her uncle, and each member of the Armed Forces and their families, may be called to give. It was just a little white table... but it felt as big as America when we helped Mama put each item on it and she told us why it was so important. We use a Small Table, girls, she explained first, to show one soldier's lonely battle against many. We cover it with a White Cloth to honor a soldier's pure heart when he answers his country's call to duty. We place a Lemon Slice and Grains of Salt on a plate to show a captive soldier's bitter fate and the tears of families waiting for loved ones to return, she continued. We push an Empty Chair to the table for the missing soldiers who are not here... Margot Theis Raven has been a professional writer working in the fields of radio, television, magazines, newspapers, and children's books for 30 years.

Margot's first children's book, *Angels in the Dust*, won five national awards, including an IRA Teacher's Choice Award. Her first book with Sleeping Bear Press, *Mercedes and the Chocolate Pilot*, was the runner-up for the 2004 Texas Bluebonnet Award. She lives with her family in Charleston, South Carolina. Mike Benny's illustrations have appeared in *Time*, *GQ*, *New Yorker* and *Sports Illustrated* Magazines. He has also been awarded two Gold Medals from the Society of Illustrators. This is Mike's first children's book. He lives in Austin, Texas with his wife Mary Ann and daughter Adele.
