A Book about Mom with Words and Pictures by Me Workman Publishing, 2021-03-30 Dear Mom, Keep this book forever to remember all the reasons why I love you. Every page has a heartwarming, imaginative (and sometimes cheeky!) prompt—a sentence to finish or an illustration to complete—to help kids capture everything they know and love about their parent, from their favorite things to do together to what kind of pizza topping they would be. A sheet of illustrated stickers gives kids even more ways to customize the work! Each book starts with a letter to parent from child, and then the fun begins, from: Your favorite animal is _____. You are terrified of _____! To: I wrote a story about you. Want to read it together? To: Look! I drew a picture of us on an intergalactic space adventure! And finally: This is us, having the greatest adventure ever. I love you, Mom!

Father's Day Buzz Bissinger, 2012 The author recounts a father-son road trip during which he gained insight into the worldviews, challenges, and talents of his socially challenged savant son, Zach.

Air Traffic Gregory Pardlo, 2019-03-19 From the beloved Pulitzer Prize-winning poet: an extraordinary memoir and blistering meditation on fatherhood, race, addiction, and ambition. Gregory Pardlo's father was a brilliant and charismatic

man--a leading labor organizer who presided over a happy suburban family of four. But when he loses his job following the famous air traffic controllers' strike of 1981, he succumbs to addiction and exhausts the family's money on more and more ostentatious whims. In the face of this troubling model and disillusioned presence in the household, young Gregory rebels. Struggling to distinguish himself on his own terms, he hustles off to Marine Corps boot camp. He moves across the world, returning to the United States only to take a job as a manager-cum-barfly at his family's jazz club. *Air Traffic* follows Gregory as he builds a life that honors his history without allowing it to define his future. Slowly, he embraces the challenges of being a poet, a son, and a father as he enters recovery for alcoholism and tends to his family. In this memoir, written in lyrical and sparkling prose, Gregory tries to free himself from the overwhelming expectations of race and class, and from the tempting yet ruinous legacy of American masculinity. *Air Traffic* is a richly realized, deeply felt ode to one man's remarkable father, to fatherhood, and to the frustrating yet redemptive ties of family. It is also a scrupulous, searing examination of how manhood can be fashioned in our cultural landscape.

Pittsburgh Dad Chris Preksta, Curt Wootton, 2015-04-28 When *Pittsburgh Dad* debuted on YouTube, creators Chris Preksta and Curt Wootton little suspected their sitcom would receive more than sixteen million views and turn their blue-collar everyman into a nationally known figure. Illustrated with hilarious black-and-white photos, *Pittsburgh Dad* shares the best of the best, from rants about swimming pool rules to reflections on coaching little league to curmudgeonly movie reviews. With its heavy dose of nostalgia and pitch-perfect sensibility, *Pittsburgh Dad* will have readers laughing in recognition, especially those who love recent blockbusters like *Sh*t My Dad Says* and *Dad Is Fat*.

Essential Actions for Academic Writing Nigel A. Caplan, Ann Johns, 2022-03-09 Combines genre research, proven pedagogical practices, and short readings to help students develop their rhetorical flexibility by exploring and practicing the key actions that will appear in academic assignments, such as explaining, summarizing, synthesizing, and arguing. *Essential Actions for Academic Writers* is a writing textbook for all novice academic students, undergraduate or graduate, to help them understand how to write effectively throughout their academic and professional careers. While these novice writers may use English as a second or additional language, this book is also intended for students who have done little writing in their prior education or who are not yet confident in their academic writing. *Essential Actions* combines genre research, proven pedagogical practices, and short readings to help students develop their rhetorical flexibility by exploring and practicing the key actions that will appear in academic assignments, such as explaining, summarizing, synthesizing, and arguing. Part I introduces students to rhetorical situation, genre, register, source use, and a framework for understanding how to approach

any new writing task. The genre approach recognizes that all writing responds to a context that includes the writer's identity, the reader's expectations, the purpose of the text, and the conventions that shape it. Part II explores each essential action and provides examples of the genres and language that support it. Part III leads students in combining the actions in different genres and contexts, culminating in the project of writing a personal statement for a university or scholarship application.

Father's Day Simon Van Booy, 2016-04-26 "Van Booy's great triumph comes in using a family secret to underscore the message that family is as much a choice as a blood tie. Although any reader will find something to love here, someone who has benefited from a perfectly imperfect family will wear the widest smile. This little book with a big heart is suitable not just for Father's Day, but for any day." — Shelf Awareness When devastating news shatters the life of six-year-old Harvey, she finds herself in the care of a veteran social worker, Wanda, and alone in the world save for one relative she has never met—a disabled felon, haunted by a violent past he can't escape. Moving between past and present, *Father's Day* weaves together the story of Harvey's childhood on Long Island and her life as a young woman in Paris. Written in raw, spare prose that personifies the characters, this novel is the journey of two people searching for a future in the ruin of their past. *Father's Day* is a meditation on the quiet, sublime power of compassion, and the beauty of simple, everyday things—a breakthrough work from one of our most gifted chroniclers of the human heart.
