Beautiful collage-and-watercolor art follows the seed through its entire life cycle, as it grows into a zinnia in a garden full of buzzing bees, curious hummingbirds, and colorful butterflies. Children engage with the book as they wiggle their fingers to water the seeds, clap to make the sun shine after rain, and shoo away a hungry snail. Appropriate for even the youngest child, Plant the Tiny Seed is never the same book twice—no matter how many times you read it! And for curious young nature lovers, a page of facts about seeds, flowers, and the insects and animals featured in the book is included at the end. Fans of Press Here, Eric Carle, and Lois Ehlert will find their next favorite book in Plant the Tiny Seed.

Sex Difference in Christian Theology Megan K. DeFranza,2015-05-16 How different are men and women? When does it matter to us -- or to God? Are male and female the only two options? In Sex Difference in Christian Theology Megan

DeFranza explores such questions in light of the Bible, theology, and science. Many Christians, entrenched in culture wars over sexual ethics, are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam or Eve. DeFranza argues, from a conservative theological standpoint, that all people are made in the image of God -- male, female, and intersex -- and that we must listen to and learn from the voices of the intersexed among us.
