**Sent to the USA** Sebastian "Chany" Almazan,2015-09-08 About the Book Sebastian Chany Almazan was born in Cienfuegos, Cuba, on August 9, 1945, the day the atomic bomb was dropped in Nagasaki, Japan. Little did he know the role war was going to play in his life. Chany enjoyed a carefree life as a child in his beach town. He lived like Huckleberry Finn from the pages of Mark Twain. On April 21, 1961, the Bay of Pigs attack failed to liberate Cuba from Communism. His parents decided to look after Chany's future, and they told their fifteen-year-old son that he was going to be SENT to the USA. Chany arrived in Miami, Florida, on September 12, 1961, as part of Operation Pedro Pan, a movement created by the Catholic Church in conjunction with the US Government and some antirevolutionaries in Cuba that airlifted over 14,000 unaccompanied children from Cuba to the US in the early sixties. He struggled in Puerto Rico, where he was sent to live with a distant relative. He worked during the day for sixty-five cents an hour at a loading dock while attending evening classes to finish his high school. When he finished high school in 1963, he moved to Virginia to attend Virginia Tech and become an architect. He studied during the day while working at night. He graduated in December of 1968 and was drafted into the US Army in February of 1969. Sebastian did not start living a normal civilian life until 1971. The issues he had to face in order to achieve the American Dream are unique and worth reading about....

**Children's Ministry** Lawrence O. Go Diaper Free Andrea Olson, 2021-02-17 Stop changing diapers? start potting your baby. Over half the world's children are potty trained by one year old, yet the average potty training age in the United States is currently three years old. This leaves parents wondering: What did people do before diapers? and How do I help my own baby out of diapers sooner? Elimination Communication, also known as EC, is the natural alternative to full-time diapers and conventional toilet training. Although human babies have been pottied from birth for all human history, we’ve modernized the technique to work in today's busy world. *Go Diaper Free* shows parents of 0-18 month babies, step-by-step, how to do EC with confidence, whether full time or part time, with diapers or without. Diaper-free doesn't mean a naked baby making a mess everywhere - it actually means free from dependence upon diapers. With this book, new parents can avoid years of messy diapers, potty training struggles, diaper rash, and unexplained fussiness. Also helpful for those considering EC, in the middle of a potty pause, or confused about how to begin. This 6th edition includes a new section on *The Dream Pee*, a full text and graphic revision, more photos of EC in action, and a complete list of further resources. MULTIMEDIA EDITION: includes the book and access to private video library, helpful downloads, additional troubleshooting, and our private online support group run by our Certified Coaches. For less than the cost of a case of diapers, you can learn EC hands-on, the way it's meant to be

learned.

**Oh Crap! Potty Training** Jamie Glowacki,2015-06-16 From potty-training expert and social worker Jamie Glowacki, who's already helped over half a million families successfully toilet train their preschoolers, comes a newly revised and updated guide that's "straight-up, parent-tested, and funny to boot" (Amber Dusick, author of Parenting: Illustrated with Crappy Pictures). Worried about potty training? Let Jamie Glowacki, potty-training expert, show you how it's done. Her six-step, proven process to get your toddler out of diapers and onto the toilet has already worked for tens of thousands of kids and their parents. Here's the good news: your child is probably ready to be potty trained EARLIER than you think (ideally, between 20-30 months), and it can be done FASTER than you expect (most kids get the basics in a few days—but Jamie's got you covered even if it takes a little longer). If you've ever said to yourself: -How do I know if my kid is ready? -Why won't my child poop in the potty? -How do I avoid "potty power struggles"? -How can I get their daycare provider on board? -My kid was doing so well—why is he regressing? -And what about nighttime?! Oh Crap! Potty Training can solve all of these (and other) common issues. This isn't theory, you're not bribing with candy, and there are no gimmicks. This is real-world, from-the-trenches potty training information—all the questions and all the answers you need to do it once and be done with diapers for good.
