**How to Help a Cupid** Sue Fliess,2022-01-04 Valentine's Day is all about showing kindness to the most important people in your life—and if you're caring and thoughtful, you can help Cupid spread love and happiness, too! Will you spot a Cupid this Valentine's day? If you do, will you be ready to help him spread love and kindness? By being observant, helpful, and friendly, you can lend Cupid a hand, and together you can make special cards and gifts to show all your favorite people how much they mean to you. So, grab some supplies—stickers, markers, crayons, colored paper, glue, and whatever else you like (it's the thought that counts on Valentine's Day!)—and think of heartfelt messages to share with your loved ones. Then be ready to meet Cupid and work together to spread cheer and happiness! Sue Fliess's poetic read-aloud text and Simona Sanfilippo's vibrant, whimsical illustrations will provide joy for young readers eager to help Cupid share the love! Also included are guides for teachers and parents about how to engage children in making Valentine's Day cards and how to interest them in the history of the holiday, the mythology behind the winged messenger Cupid, and the value of being thoughtful and kind to everyone.

[The Artful Year](#) Jean Van't Hul,2016-11-15 Celebrating the seasons provides a wonderful opportunity to embrace creativity together as a family. It's also a fun way to decorate for, prepare for, and learn about the holidays we celebrate. In *The Artful Year*, you'll find a year's worth of art activities, crafts, recipes, and more to help make each season special. These artful explorations are more than just craft projects—they are ways for your family to create memories and mementos and develop creatively, all while exploring nature, new ideas, and traditions. The book includes: • Arts and crafts, using the materials, colors, and themes of the season • Ideas and decorations for celebrating the holidays together • Favorite seasonal recipes that are fun for children to help make (and eat!) • Suggested reading lists of children's picture books about the seasons and holidays The 175+ activities in this book are perfect for children ages one to eight, and for creating traditions that appeal to all ages.

**Adventuring Together** Greta Eskridge,2020-07-14 A modern, practical, and inspiring guide to creating deep heart connections with kids by regularly creating new experiences and intentional adventures together. Parents today complain of fragmented relationships with their kids. What parents yearn for--and their kids too--is deep, heart-to-heart connections. But how can parents compete with all the other noise fighting for their kids' attention? The answer, says Greta Eskridge, is to

break free from regular routines and familiar comforts of home to experience new places and adventures--even if those adventures go awry. From simply reading a book together to going on an overnight backpacking trip, activities together provide unique and crucial bonding opportunities. *Adventuring Together* highlights Greta's stories of doing just that, including an array of ideas for outdoor and indoor ventures, what to do when your finances are limited, and how to adventure if your family can't hit the hiking trail or spend the night at a campground. Giving readers the tools to make adventures happen, *Adventuring Together* is a step-by-step guide for parents--whether in the city or the country--to start building connections today that will last a lifetime.

*Into India, Out of Africa* Alistair Caldicott,2004-12-01 From the word go, the style and tenor of this book is set. And it doesn't take long before we realise we are in for a raunchy, realistic, roughish ride; so seat yourself comfortably. Be transported from the relentlessly chaotic assault on the senses that is India to the cool Himalayan magnificence of trekking to Everest Base Camp. Through the vastness of Australia, unable to escape the predictably painful experiences of England's cricket team, before plunging into the outdoor activity challenges of New Zealand. Then, perhaps most compelling of all, the continent of Africa from the bottom up. An ambitious journey overland encompassing Africa's most extreme tip right up to its snow-covered top, Mt Kilimanjaro. Here it is not so much the final destination as all that is entailed to get there that informs and entertains. With a refreshing attitude, this book doesn't try to be the great African travel book drowning you with its intensity; Bruce Chatwin it is not. But it is a breath of fairly fresh air (excluding a lot of dust and some graphically described indigenous odours). The tone is conversational and intimate; the author takes the reader along with him on his (slightly) bumpy travels, and there is a splendid lack of any sort of political correctness, although Alistair is actually broad-minded and unprejudiced (minus a few Australians). He understands the people he meets. Without wanting to be remotely serious--because he isn't--this is a book that is kind and understanding of different places and people. The author observes, records, and attempts to shed light on people, places and experiences that are not of the everyday variety. The traveller--both experienced and of the armchairvariety--could have many a worse companion than this book.

*Valentine Postcards* ,2004-11 Postcard books are a wonderful way for us to share our treasure trove of images. Our postcard books on Easter, Halloween and Christmas have proven to be very popular, and so we turn to one of our favorite holidays--Valentine's Day. The valentine, as a graphic token to be exchanged by lovers on February 14, became very popular in the middle of the 19th century, and continued to increase in popularity and variety as the century advanced. In the first years of the 20th century there was an explosion in popularity of the picture postcard, and it was natural that postcards would be created to send on every holiday. Tens of thousands of valentine designs were printed as Valentines. We have selected thirty favorites from our collection, and reproduce them here in such a way that they can either be removed and mailed or kept intact and the book given entire.
