**Three Sheets to the Wind** Cynthia Barrett,2019-06-01 The origins of a remarkable number of everyday words and phrases are anchored in our seafaring past. *Three Sheets to the Wind: The Nautical Origins of Everyday Expressions* is an entertaining compilation revealing the maritime roots of common English expressions. The original "slush fund" was the fatty scraps from boiled meat that the ship's cook secretly stashed away to sell at port to candle makers. The man who originally "turned a blind eye" was Admiral Nelson. In one of Naval history's most famous acts of insubordination, Nelson, in the heat of battle, raised his telescope to his blind eye and announced he could not see the signal flag commanding him to break off action. The perfect companion for etymology lovers, factophiles, ocean dreamers, and the conversationally curious, *Three Sheets to the Wind* features 200 words and expressions that are nautically inspired. Alphabetically organized (from A to Sea) readers can also enjoy 100 original illustrations as well as relevant excerpts from the great novels of Melville, Forester, O'Brian, and others. These passages illustrate how such literary giants reached for these expressions in their classic masterpieces. Our everyday speech is peppered with language used by sailors when someone says they are "pooped" because they stayed to the "bitter end" of "happy hour".

*Nautical Scenes to Paint Or Color* Dot Barlowe,2007-06-01 23 lovely scenes offer hours of artistic expression: masthead sloop, New England marina, grand luxury yacht, houseboat, canoe, clammer, rowboat, lighthouse, waterfront town, catamaran, harbor tugboat, mountain lake, and more.

Breverton's Nautical Curiosities Terry Breverton,2013-11-05 Breverton's Nautical Curiosities is about ships, people and the sea. However, unlike many other nautical compendiums, the focus of this book is on the unusual, the overlooked or the downright extraordinary. Thus, someone most of us do not know, Admiral William Brown, is given equal coverage to Admiral Nelson. Without Admiral Brown releasing Garibaldi, modern Italy might not exist. And without the barely known genius John Ericsson designing the Monitor, the Confederacy might have won the American Civil War. Readers will be stimulated to read more about the remarkable men--explorers, admirals and trawlermen--who have shaped our world. The sea has had a remarkable effect upon our language. We hear the terms steer clear, hit the deck, don't rock the boat, to harbor a grudge and the like, and give little thought to them. In the pages of this book, the reader will find the origin of bumpkin, a brace of shakes, born with a silver spoon, booby prize, to take on board, above board, bombed (in the sense of being drunk), the blues, blind-side, blind drunk, the pot calling the kettle black, reach the bitter end, wasters, ahoy, all at sea, to keep aloof, piss-artist, taken aback, barbecue and bamboozle. Other colourful terms, which have passed out of common usage, such as bring one's arse to anchor (sit down), belly timber (food) and bog orange (potato) are also included, as well as important pirate haunts, technical terms, famous battles, maritime inventors and ship speed records.

**The Nautical Home** Anna Örnberg,2015-06-09 Are you a beach bum, a beach lover, or simply just a fan of the water? If you find yourself constantly longing for a relaxing vacation along the sandy shores of Tahiti or yearning to go on a coast-to-coast cruise, look no further. The decor will inspire homeowners to personalize their homes into the most calming and soothing living quarters, a place where they can sit, relax, and enjoy the ocean breeze. Projects include: Wooden lampshades Nautical placemats and pot holders Building your own lighthouse Beanbags and pillowcases The nautical look is a classic theme that suits a wide audience. Whether you're looking for new ideas to spruce up your city center apartment or looking to decorate your holiday vacation home, this book has the answers. The Nautical Home has a little something for everyone, from the average homeowner hoping to reinvent a room or more to the recent college grad looking for new ways to decorate a new home. With the interior designs in this book, you can finally be the captain of your own ship or home.

**Saving Behavior and the Asset Price "Bubble" in Japan** Mr.Ulrich Baumgartner,Mr.Guy Meredith,1995-04-21 This volume brings together various analytical studies the IMF staff has undertaken on the Japanese economy, focusing on two areas of particular interest for both longer-term economic performance and recent cyclical developments. The first is Japan's saving behavior, the second is the remarkable swing in asset prices that occurred in the late 1980s and early 1990s.

**Intrepid Sailing Around the World** Andy Gibb,2017-05-22 This is the story of Intrepid's 7 year voyage of adventure

and exploration, not a race or rally. We chose to go to some of the most interesting and remote places in the world, and once there tried to get under the surface of what life is really like in these unique places. We travelled with friends, some experienced, some novices who shared thrilling sails, in violent winds and calms, and learned the meaning of self-sufficiency – when you are 2000 miles from land if something breaks you fix it or it stays broken. And you have to plan for everything from food, water, fuel, medical emergencies, spare parts, communications. This story is written as it happens, with the highs and lows, the excitement and the near misses, and the fascinating people we met. Starting in the Canaries, Intrepid crosses the Atlantic, through the Panama Canal to Galapagos, then remote Marquesas Pacific islands and atolls to Tahiti, Bora Bora, Samoa, Tonga, Fiji, Vanuatu, New Caledonia, Australia, Indonesia, Singapore, Malaysia, Thailand, historic Indian Andaman Islands, Sri Lanka, Maldives, Oman, Yemen (narrowly avoiding pirates), and up the Red Sea to Turkey. Andy Gibb is a psychologist, Nicky a hydrogeologist, and with friends they describe a voyage of adventure, wildlife and insight.

**Sinner, Sailor** T. R. Rhoads, 2005-09-12 Sinner, Sailor is the autobiographical telling of the author's navy career from 1945 until 1972, from World War II through Viet Nam. He joined the navy at seventeen seeking adventure and romance; he found both and much more. He went to Korea as a navy hospital corpsman in a marine unit, served at sea aboard a series of aircraft carriers, Boxer, Hancock, and Princeton, in the Pacific, and later as a medical service corps "mustang" officer aboard the carrier Constellation at the time of the Tonkin Gulf incident. Toward the end of that conflict he did a reprise of Korea, ashore in Viet Nam as medical liaison officer with the combined action force of the III Marine Amphibious Force. All battle and no liberty makes for a dull read, so he includes lighter moments of a sailor on liberty in San Diego, Los Angeles, Tijuana, Hong Kong, Osaka, Sasebo, Yokosuka; and of a navy officer in his prime on the loose in San Diego and New York City. Sex, sin, and sailing are not unknown. The author re-creates his experiences using narrative, dialogue, conflict and character as in a novel; telling of events as they happen with the immediacy of happening as it is read: "...Each morning I had to face Mr. Becker, who attempted to counsel me on the principals of leadership. I felt he was trying to change my inner self to him; trying to develop whatever traces of petty tyrant might be hiding in me into a true whipper of men, someone to be feared, an ideal Lange. "You're going to be Lang's relief," he began," the H Division Police Petty Officer. I need someone who can take charge, and shape up the men... It'll be your job to make sure everyone in sickbay keeps busy, does their job, and follows orders. Kick ass and take names. Don't try to make them like you; you're not in a popularity contest."... Chapter sixteen. The next day, I went to where she lived when she wasn't working at the New Black Rose. We talked and joked and then we made love. Afterwards she began to look sad. "Whatsa-matta-you?" I asked. "You Christian?" she asked. I shrugged and said, "I

guess so. Why..?" "Why you here, then?" she asked; angry and disillusioned at me and at herself. I was taken aback by her question. I began putting my clothes on. Chapter Sixteen. There are genuine heroes in the book; there are also bureaucrats, time servers, rogues, villains, and scoundrels. Life aboard a ship or ashore with the marines; or liberty in the fleshpots or at home with the family, has rarely been caught so realistically. A good read of the real McCoy.
