The Visual World of the Hungarian Angevin Legendary Béla Zsolt Szakács, 2016-05-15 Dispersed in two continents, four countries and six collections; many of its pages were cropped, cut into four, or lost forever; its history, origin, commissioner and audience are obscure; still, in its fragmented state it presents fifty-eight legends in abundant series of images, on folios fully covered by miniatures, richly gilded, using only one side of the fine parchment; a luxurious codex worthy of a ruler; a unique iconographic treasury of medieval legends; one of the most significant manuscripts of the medieval Hungarian Kingdom - these are all what we call the Hungarian Angevin Legendary.

Image Analysis and Recognition Aurélio Campilho,Mohamed Kamel,2004-09-28 ICIAR 2004, the International Conference on Image Analysis and Recognition, was the first ICIAR conference, and was held in Porto, Portugal. ICIAR will be organized annually, and will alternate between Europe and North America. ICIAR 2005 will take place in Toronto, Ontario, Canada. The idea of offering these conferences came as a result of discussion between researchers in Portugal and Canada to encourage collaboration and exchange, mainly between these two countries, but also with the open participation of other countries, addressing recent advances in theory, methodology and applications. The response to the call for papers for ICIAR 2004 was very positive. From 316 full papers submitted, 210 were accepted (97 oral presentations, and 113 - sters). The review process was carried out by the Program Committee members and other reviewers; all are experts in various image analysis and recognition areas. Each paper was reviewed by at least two reviewing parties. The high quality of the papers in these proceedings is attributed first to the authors, and second to the quality of the reviews provided by the experts. We would like to thank the authors for responding to our call, and we wholeheartedly thank the reviewers for their excellent work in such a short amount of time. We are especially indebted to the Program Committee for their efforts that allowed us to set up this publication. We were very pleased to be able to include in the conference, Prof. Murat KuntfromtheSwissFederalInstituteofTechnology,andProf. Mario Figueiredo, oftheInstitutoSuperiorTécnico,inPortugal.
