Welcome to the Club Raquel D'Apice, 2016-09-20 From an Emmy Award-winning comedy writer: “An absolute must for every parent who needs to laugh so they don’t cry.” —Bunmi Laditan, author of Confessions of a Domestic Failure From the comedian behind the popular parenting blog The Ugly Volvo comes a refreshing spin on the baby milestone book. Instead of a place to lovingly capture the first time baby sleeps through the night, this book commemorates baby’s first poop explosion; first time baby says a word you didn’t want her to say; and first time you forget the details of childbirth enough to consider having a second kid. Accompanied by distinctive illustrations, these one hundred rarely documented but all-too-realistic milestones provide comfort, solidarity, and comic relief for exhausted and terrified new parents.

Montessori from the Start Paula Polk Lillard, Lynn Lillard Jessen, 2008-12-18 Based on Dr. Maria Montessori's philosophies for nurturing babies and toddlers, this practical and useful guide is brimming with instructions, anecdotes, and encouragement for raising calm, competent, and confident children—from designing the baby’s bedroom to encouraging life skills such as dressing themselves and working both independently and collaboratively. What can parents do to help their youngest children in their task of self-formation? How does the Montessori method of hands-on learning and self-discovery relate to newborns, infants, and toddlers? This authoritative and accessible book answers these and many other questions. Its comprehensive exploration of the first three years incorporates the furnishings and tools Dr. Montessori created for the care and comfort of babies. From the design of the baby's bedroom to the child-sized kitchen table, from food preparation to

clothing and movement, the authors provide guidance for the establishment of a beautiful and serviceable environment for babies and very young children. They also introduce concepts and tasks, taking into account children's "sensitive periods" for learning such skills as toilet training. Written in a clear, engaging style, *Montessori from the Start* is a must-have for every new parent.

Pink House Living Emily Murray, 2019-03-19 Pink has become the hottest color in interiors. Quartz Pink was the Pantone color of 2016 and since then the hue has gone from strength to strength, playing a starring role at the 2018 Milan Design Week. From advertising to design and fashion, millennial pink has taken popular culture by storm, and it isn't going anywhere House & Garden Pink House Living is a beautiful, practical guide to decorating with pink by Emily Murray of the award-winning The Pink House blog. Emily draws on her recent interiors projects to guide the reader through their own rose-tinted renovations and includes case studies on well-known interiors experts that reveal their use of pink, their go-to paint shades and where they glean pinkspiration. Pink House Living is not about decorating your home in pink from rooftop to rugs, but a look at how the color can be used alongside other hues—sometimes sparingly, sometimes in spades. Divided up by room, the book uses the color pink and its history as a starting point from which to discuss the decorating process. Readers will be entertained by Emily's interiors insights and witty turn of phrase while gaining invaluable advice on adding pink—and color in general—to their homes.

Creating Mixed Communities through Housing Policies Anna Maria Santiago, Iris Levin, Kathy Arthurson, 2024-02-08
This book focuses on socially mixed (e.g. by income, tenure, ethnicity or any other characteristic) communities developed through housing renewal and critically examines the policies and practices in view of the growing urban inequality. The volume expands the discussion to the second phase of social mix – “social mix version 2.0” and offers constructive reflections on how social mix can “be better conceived and delivered, with fewer negative side effects” . The chapters in this book cover diverse national contexts and policy backgrounds, and represent the perspectives of many key stakeholders, including national and local governments, services and NGOs, developers and, most importantly, residents. Chapters present diverse case studies from Europe, the Middle East, Africa, India, Australia, and the United States and discuss projects that range in scale from small housing initiatives to neighborhoods and to whole districts. They focus on diverse experiences of social mix: between university students and young professionals and low-income social housing tenants, between older, low-income residents and younger, middle-class residents, between diverse ethnic and social class groups sharing a neighborhood, and between private and public housing residents. Chapters also vary on the tools used to create social mix, from local non-for-profit initiatives, a national policy intervention, and urban policies that aim to enhance social mix. Lastly, the book shows the range of analytical tools researchers have used to understand the diverse appearances of social mix, its underlying goals, and its consequent outcomes. These include comparative analyses of social mix in diverse national and political settings, including the Global East, an evaluation of social mix from the perspective of social justice, a historical analysis of the development of an urban district, and a design analysis of urban renewal projects. The chapters in this book were originally published as a special issue of *Journal of Urban Affairs*.

The Better Mom Ruth Schwenk,2018-04-24 Mothering is messy. Our joy and hope in raising children doesn't change the reality that being a mom can be frustrating, stressful, and tiring. But just as God is using us to shape our children, God is using our children and motherhood to shape us. In *The Better Mom*, author Ruth Schwenk, herself a mother of four children, encourages us with the good news that there is more to being a mom than the extremes of striving for perfection or simply embracing the mess. We don't need to settle for surviving our kids' childhood. We can grow through it. With refreshing and heartfelt honesty Ruth emboldens moms to: Find freedom and walk confidently in purpose Create a God-honoring home environment Overcome unhealthy and destructive emotions such as anger, anxiety, and more Avoid glorifying the mess of mom-ing or idolizing perfection Cultivate life-giving friendships At the heart of *The Better Mom* is the message that Jesus calls us to live not a weary life, but a worthy life. We don't have to settle for either being apathetic or struggling to be perfect. Both visions of motherhood go too far. Ruth offers a better option. She says, "It's okay to come as we are, but what we're called to do and be is far too important to stay there! The way to becoming a better mom starts not with what we are doing, but with who God is inviting us to become.
