Young House Love Sherry Petersik, John Petersik, 2015-07-14 This New York Times bestselling book is filled with hundreds of fun, deceptively simple, budget-friendly ideas for sprucing up your home. With two home renovations under their (tool) belts and millions of hits per month on their blog YoungHouseLove.com, Sherry and John Petersik are home-improvement enthusiasts primed to pass on a slew of projects, tricks, and techniques to do-it-yourselfers of all levels. Packed with 243 tips and ideas—both classic and unexpected—and more than 400 photographs and illustrations, this is a book that readers will return to again and again for the creative projects and easy-to-follow instructions in the relatable voice the Petersiks are known for. Learn to trick out a thrift-store mirror, spice up plain old roller shades, hack your Ikea table to create three distinct looks, and so much more.

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Back-to-School Rules Laurie Friedman, 2018-01-01 School's in session! When it comes to surviving school, Percy's at the head of the class. If you can follow his ten simple rules, making the grade will be a piece of cake (and school will be a lot of fun). But there's more to school than showing up on time and staying awake in class. If you have any doubts, Percy also

shows exactly what not to do. No spitballs! No running in the halls! No bouncing off the ceiling! No crazy scheming! See what other trouble—and tips—Percy has in mind!

Little Bones David Baillie,2019-11-19 Hamilton, Ontario, 1953. A nine-year-old boy meets with a horrific death at the hands of a sociopath; his little body is then hidden away in a soon-to-be-sealed tenement coal chute where it lies for two decades. The remains, discovered by contractors rerouting a pipe in 1974, make for sensational news; the fact that ten small bones are missing causes further speculation. But interest in the cold case fades quickly—except in the imagination of a tragically lonely boy named Scott Campbell, a resident of that sad building who suffers (equally) from undiagnosed Selective Mutism and the terrible neglect of his mentally ill mother. In the building's furnace room, Scotty meets his one and only friend: a child's playful, coal-black shadow that follows him through a litany of foster homes and into adulthood. Now, in 1987, thirteen years after the discovery of those remains, Scotty is an enigmatic street artist who makes strange sculptures

out of found objects, which he leaves in the forgotten and overlooked corners of the city. Scotty's social worker, Simon, despairs over Scotty's plight: the mute will soon be completely on his own, for he aged out of government-sponsored aid almost two years ago and is now living on the remnants of a miracle extension arranged by Simon's boss. Simon also has his own dilemma: as a Mohawk with invested interest in the Six Nations of the Grand River, he feels like he is betraying his own community by working for the government-funded Children's Aid Society in Hamilton. Caught between pressure at home and the impending end of Scotty's meagre support, Simon is losing faith in both the System and himself. *Little Bones* is a heart-rending tale of loss, redemption, and the cruel consequences of investing in that most beautiful of lies—hope.

Wabi-Sabi Sewing Karen Lewis, 2018-06-22 Twenty sewing projects for home décor and accessories inspired by the Japanese aesthetic that appreciates the beauty of imperfection. Capture the essence of Japanese style in your sewing with this collection of projects inspired by the wabi-sabi concept of “perfect imperfection.” This collection of twenty sewing projects for home decor and accessories is based on the popular Japanese aesthetic of wabi-sabi which celebrates the beauty in the ordinary and imperfect. The projects are grouped according to how we live, for example: living; sleeping; eating and exploring. Sewing and quilting expert and fabric designer, Karen Lewis, has used a limited palette of earthy tones and the best quality natural fabrics including linen, cotton, denim and wool to create a stunning collection of simple, sewn projects. Try out some simple wabi-sabi style sewing techniques such as hand piecing, sashiko embroidery, big stitch quilting, and visible mending to create unique items for your home whether it's a full-sized bed quilt, simple coasters for your favorite mug or a stunning scarf to wrap up in.

No Scrap Left Behind Amanda Jean Nyberg, 2017-02-01 “Make use of those small pieces . . . The peek into [the author's] design process (including some ideas that didn't quite work) is fascinating.” —Library Journal (starred review) Rescue your fabric scraps—even the smallest pieces—with these sixteen satisfying quilts and projects. Sew modern quilts for everyday use that will help you return to the roots of quilting, with projects designed to help you use up every last scrap. Learn sorting and storage tips to help you plan your next quilt, with projects categorized by type of scrap—squares, strings, triangles, or little snippets. With this extensively illustrated guide from teacher and designer Amanda Jean Nyberg, you'll never look at scraps the same way again! “Fabulous . . . Even those experienced in working with scraps are likely to learn something from her insights. Highly recommended.” —Homespun

The Fatal Eggs Mikhail Bulgakov, 2010-04 As the turbulent years following the Russian revolution of 1917 settle down into a new Soviet reality, the brilliant and eccentric zoologist Persikov discovers an amazing ray that drastically increases the

size and reproductive rate of living organisms. At the same time, a mysterious plague wipes out all the chickens in the Soviet republics. The government expropriates Persikov's untested invention in order to rebuild the poultry industry, but a horrible mix-up quickly leads to a disaster that could threaten the entire world. This H. G. Wells-inspired novel by the legendary Mikhail Bulgakov is the only one of his larger works to have been published in its entirety during the author's lifetime. A poignant work of social science fiction and a brilliant satire on the Soviet revolution, it can now be enjoyed by English-speaking audiences through this accurate new translation. Includes annotations and afterword.

Socialising Tourism Freya Higgins-Desbiolles, Adam Doering, Bobbie Chew Bigby, 2021-07-29 Once touted as the world's largest industry and also a tool for fostering peace and global understanding, tourism has certainly been a major force shaping our world. The recent COVID-19 crisis has led to calls to transform tourism and reset it along more ethical and sustainable lines. It was in this context that calls to socialise tourism emerged (Higgins-Desbiolles, 2020). This edited volume builds on this work by employing the term Socialising Tourism as a broad conceptual focal point and guiding term for industry, activists and academics to rethink tourism for social and ecological justice. Socialising Tourism means reorienting travel and tourism based on the rights, interests, and safeguarding of traditional ecological and cultural knowledges of local peoples, communities and living landscapes. This means making tourism work for the public good and taking seriously the idea of putting the social and ecological before profit and growth as the world re-emerges from the COVID-19 pandemic. This is an essential first step for tourism to be made accountable to the limits of the planet. Concepts discussed include Indigenous culture, toxic tourism, a theory of care, dismantling whiteness, decolonial tourism and animal oppression, among others, all in the context of a post-COVID-19 world. This will be essential reading for all upper-level students, academics and policymakers in the field of tourism. The Introduction of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/9781003164616>

When China Rules the World Martin Jacques, 2009-11-12 Greatly revised and expanded, with a new afterword, this update to Martin Jacques's global bestseller is an essential guide to understanding a world increasingly shaped by Chinese power. Soon, China will rule the world. But in doing so, it will not become more Western. Since the first publication of *When China Rules the World*, the landscape of world power has shifted dramatically. In the three years since the first edition was published, *When China Rules the World* has proved to be a remarkably prescient book, transforming the nature of the debate on China. Now, in this greatly expanded and fully updated edition, boasting nearly 300 pages of new material, and backed up by the latest statistical data, Martin Jacques renews his assault on conventional thinking about China's ascendancy, showing how its impact will be as much political and cultural as economic, changing the world as we know it. First published in 2009 to widespread critical acclaim - and controversy - *When China Rules the World: The End of the Western World and the Birth*

of a New Global Order has sold a quarter of a million copies, been translated into eleven languages, nominated for two major literary awards, and is the subject of an immensely popular TED talk.

The Voynich Manuscript M. E. D'Imperio,1978 In spite of all the papers that others have written about the manuscript, there is no complete survey of all the approaches, ideas, background information and analytic studies that have accumulated over the nearly fifty-five years since the manuscript was discovered by Wilfrid M. Voynich in 1912. This report pulls together all the information the author could obtain from all the sources she has examined, and to present it in an orderly fashion. The resulting survey will provide a firm basis upon which other students may build their work, whether they seek to decipher the text or simply to learn more about the problem.

The Holistic Guide to Decluttering Michele Vig,2020 The Holistic Guide to Decluttering goes beyond traditional home organisation books, helping readers in three key areas: physical space (home), time (calendar/scheduling), and mental space.

Tomorrow There Will Be Sun Various,2024-12-04 Prize-winning and highly commended stories from the 2024 Hope Prize, with judges including Dame Quentin Bryce, Dr Tony Birch and Julia Gillard. 'Tomorrow There Will Be Sun is more than just a book, it is hope in your hands.' Julia Gillard The Hope Prize is one of the world's leading short story competitions, and this collection of winning and shortlisted stories will delight, move and inspire you. From two lovers in Nigeria navigating uncertain futures; a homeless man in Melbourne holding fast to his dignity against the backdrop of an indifferent city; a former prisoner stepping back into the world; and a mother in Ireland who is unknowingly whisper-close to her long-lost son, these stories grapple with issues that define our time - mental health, poverty, war - in a way that feels both intimate and urgent. In Tomorrow There Will Be Sun some of the world's most promising literary voices remind us that no matter the challenges we face, through the strength of the human spirit and the power of connection, we can move through darkness and into the light. In a tapestry of unique perspectives, this engrossing and entertaining collection is a balm for the soul. Hope isn't passive. It's something we create, together. And in these pages, you'll find hope well and truly alive, waiting for you to carry it forward. All royalties from the anthology support Beyond Blue, Australia's leading mental health charity.
