Boys will always be boys—rambunctious, adventurous, and curious, climbing trees, building forts, playing tackle football, and pushing their growing bodies to the limit as part of the rite of passage into manhood. But today our sons face an increasingly hostile world that doesn't value the high-spirited, magical nature of boys. In a collective call to let our boys be boys, Dr. Meg Meeker explores the secrets to boyhood.

The New Shingled House John Ike,Thomas A. Kligerman,Joel Barkley,Marc Kristal,2015-10-13 The architectural style of the classic American summer, the shingled house can suggest the beach, the countryside, the mountains, and even the city. AD100 architects Ike Kligerman Barkley, one of the most successful firms practicing in a traditional style today, presents 14 houses that celebrate the simple wood shingle's infinite flexibility—ranging from richly historic to sculptural and experimental. *The New Shingled House* includes examples throughout the fabled seaside resorts of New England—Martha's Vineyard, Block Island, and the Hamptons—as well as houses in California's Bay Area and Point Loma, on a pristine mountain lake in South Carolina, and a Scandinavian influenced family residence in Connecticut. All are characterized by a sense of graciousness and generosity that makes them unique spaces for the owners and enviable spaces for readers. The versatility of the shingle style allows the designers to explore formal ideas and to respond to client preferences and taste. The houses thus achieve the architects' fundamental goal: when their clients enter their new house for the first time, they should feel as though they have always lived there. This stunning visual presentation features new photography by noted interiors photographer William Waldron, who has captured the graciousness and generosity of the elegant interiors and welcoming

porches and terraces that make these houses so inviting and timeless.
