Twist: Creative Ideas to Reinvent Your Baking Martha Collison,2016-07-14 Martha Collison amazed the judges and viewers alike as the youngest ever contestant in the 2014 series of *The Great British Bake Off*. Martha shone with her Showstopper skills and extraordinary 'Technical Challenge' knowledge. Here in her first book, she offers a brilliant new approach to baking - a way to master baking, while adding 'twists' to recipes to make contemporary bakes that everyone will love. With clever illustrations and know-how throughout, alongside beautiful photography, Martha demonstrates how to take basic recipes and alter them into something new. Whether it's a cake, a biscuit or even a pastry recipe, she shows how to alter the method, the balance of ingredients or the mixture of flavours to ensure exciting, magical bakes every time. Transform her Never-Fail Vanilla Cupcakes into Lemon Cheesecake Cupcakes, for example, or Caramel Macchiatos. Try Pink Grapefruit Drizzle Cake, instead of the usual Lemon, and then mix it up with Gin & Tonic flavours. Or take Macarons to a whole new level and try Peach Bellini Macarons or even a Macaron Shell Ice-Cream. Fresh, innovative and genuinely exciting, *Twist* looks set to make adventurous bakers of us all.

Enter the first-ever original novel for *Overwatch*, the worldwide gaming sensation from Blizzard Entertainment! But when a terrorist tries to shatter that unity, a hero named Efi Oladele rises! Efi has been making robots since she was little -- machines to better her community and improve people's lives. But after she witnesses Doomfist's catastrophic attack on the city's OR15 security bots, Efi feels the call to build something greater: a true guardian of Numbani. While Doomfist sows discord between humans and omnics, Efi engineers an intelligent and compassionate robot,

Orisa, named after the powerful spirits who guide her people. Orisa has a lot to learn before she's ready to defeat Doomfist, but Efi has some learning to do, too, especially when it comes to building -- and being -- a hero. With Doomfist rallying his forces, and the military powerless to stop him, can Efi mold Orisa into the hero of Numbani before it's too late? This action-packed novel features the fan-favorite characters Efi, Orisa, Doomfist, and Lucio in an all-new, original story straight from the minds of the Overwatch game team and critically acclaimed author Nicky Drayden!

Mistborn: Secret History Brandon Sanderson, 2016-01-26 Note: This novella is included in Arcanum Unbounded: The Cosmere Collection, now available in print, ebook, and audiobook from Tor (US/Canada) and Gollancz (UK/Commonwealth). Mistborn: Secret History is a companion story to the original Mistborn Trilogy. As such, it contains huge spoilers for the books Mistborn (The Final Empire), The Well of Ascension, and The Hero of Ages. It also contains very minor spoilers for the

book *The Bands of Mourning*. *Mistborn: Secret History* builds upon the characterization, events, and worldbuilding of the original trilogy. Reading it without that background will be a confusing process at best. In short, this isn't the place to start your journey into *Mistborn*. (Though if you have read the trilogy—but it has been a while—you should be just fine, so long as you remember the characters and the general plot of the books.) Saying anything more here risks revealing too much. Even knowledge of this story's existence is, in a way, a spoiler. There's always another secret.
