SHEAVES Ludger Hovestadt,Vera Bühlmann,2013-10-09 “SHEAVES” will not describe anything. It will not judge. It will inspire. There are no continuous texts, but a wide range of topics. How to read this book? Take the notions seriously. Search the Internet and they will lose their generalness. They will begin to speak to you vividly. Bundle these riches with the riches of other notions and they will activate each other. Also take the pictures seriously. Photograph or scan them. Use them as an index, while searching the Internet. Again, you will find rich stories. Bundle those riches, concentrate them into new identities that are interesting to you. Let yourself be inspired by the intellectual wealth of our world. You can expand it. It is an exciting adventure, demanding and optimistic.

Images in Law William Pencak,Ms Anne Wagner,2013-01-28 What does 'the law' look like? While numerous attempts have been made to examine law and legal action in terms of its language, little has yet been written that considers how visual images of the law influence its interpretation and execution in ways not discernible from written texts. This groundbreaking collection focuses on images in law, featuring contributions that show and discuss the perception of the legal universe on a theoretical basis or when dealing with visual semiotics (dress, ceremony, technology, etc.). It also examines 'language in action', analyzing jury instructions, police directives, and how imagery is used in conjunction with contentious social and political issues within a country, such as the image of family in Ireland or the image of racism in France.
