Her 1995 book *Tequila! Cooking with the Spirit of Mexico* helped usher in the boom that transformed the tequila industry. Now in *iViva Tequila!* she returns to her lifelong passion, bringing us deeper into the traditions and vibrant present of Mexico, and creates fabulous, flavorful recipes for drinks and dishes made with Mexico's agave spirits. *iViva Tequila!* begins with a lively tour of the history and culture of spirits made from the miraculous maguey—pulque, mezcal, and tequila. Lucinda follows her chosen elixir from fields of blue agave, to distilleries both family-owned and internationally operated, to the bewildering array of brands now available in the market. She offers advice on how to host a tequila tasting, discover your favorites, and stock your home cantina. With imaginative garnishes and presentations, and inspiration drawn from her travels throughout Mexico, Lucinda presents recipes for dozens of drinks featuring favorite Mexican libations, while also highlighting mezcal and tequila in new and bright ways that go far beyond the ubiquitous margarita. And because no fiesta is

First Ask Why Shelly Wildman, 2018-03-28 It's no secret that parenting is tricky business. With advice flooding in from all sides, strong-willed children pushing against boundaries, and our own human flaws, it's easy to get bogged down in every how-to that we're not doing well. But maybe that isn't the right approach. Maybe the first step is not to ask how but to ask

why. Like most parents, when Shelly Wildman had children, she consulted books, sermons, and lectures on how to raise the best children possible. Yet every resource focused on how to get external results: children who behave the way others expected them to. For Shelly and her husband, the turning point happened when they started asking why instead--shifting their focus to internal change. That's when their purpose as parents became clear: parents are called to do their best to show kids how to know and love Jesus, to love others, and to make a difference in the world. There are no rules here, no inflexible series of steps that lead to perfect parenting. Instead, Shelly encourages parents to think about their unique family and why each child's needs for spiritual growth might look different. She walks you through intentional questioning, focusing on building a firm foundation for lasting discipleship. And in the end, you'll discover that God wants the same outcome you do: a child who knows Christ intimately, loves him deeply, and has a heart to serve him fully.

Chasing Centuries Ron Parker, 2019 *Chasing Centuries* is a one-of-a-kind travel-history book that takes the reader along on an exciting and little known adventure at the crossroads of archaeology and botany that examines the depth and duration of human/Agave coevolution across the desert southwest. Travel with author Ron Parker as he discovers interesting assortments of unusual agaves apparently associated with archaeological sites long since abandoned by residents of extinct ancient cultures. These agaves appear to be anthropogenic cultivars; living archaeological relics developed and planted by indigenous pre-Columbian Native Americans, and many are still growing exactly where they were planted hundreds of years ago.
