Advanced Style Ari Seth Cohen, 2012-10-30 Advanced Style is Ari Seth Cohen's blog-based ode to the confidence, beauty, and fashion that can only be achieved through the experience of a life lived glamorously. It is a collection of street fashion unlike any seen before—focused on the over-60 set in the world's most stylish locales. The (mostly) ladies of Advanced Style are enjoying their later years with grace and panache, marching to the beat of their own drummer. These timeless images and words of wisdom provide fashion inspiration for all ages and prove that age is nothing but a state of mind. Ari Seth Cohen started his blog inspired by his own grandmother's unique personal style and his lifelong interest in the put-together fashion of vibrant seniors. Each of his subjects sparkles like a diamond after long years spent refining and perfecting their individual look and approach to life. The Advanced Style book will showcase, in luscious full-color, the best of the blog, but will also act as a true guidebook with all-new material featuring wardrobes, interviews, stories, and advice from a cadre of his most chic subjects, along with a large selection of never-before-seen photography—fresh off of sidewalk catwalks around the world!

The Image of the City Kevin Lynch, 1964-06-15 The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.

**I Love Jesus, But I Want to Die** Sarah J. Robinson, 2021-05-11 A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by

shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

Our America Smithsonian American Art Museum,2014 Explores how one group of Latin American artists express their relationship to American art, history and culture.

**Advanced Love** Ari Seth Cohen,2018-12-24 From the creator of the popular blog *Advanced Style*, photographer Ari Seth Cohen’s *Advanced Love* collects affectionate portraits of subjects who prove that love is bound by neither the constraints of age or time. The book includes 40 profiles of inspiring couples from around the world, and more than 200 photos. The profiles explore themes of love and companionship through firsthand insight from the subjects; they share their stories of falling in love, what they have learned after decades of partnership, and valuable relationship advice. *Advanced Love* is a touching look at the often-ignored partnerships of the senior set. Filled with couples who have built their lives together, it’s an indispensable trove of wisdom on love and the lessons they have learned along the way.

**Manifesto** Rosa Luxemburg,Karl Marx,Friedrich Engels,Ernesto Che Guevara,2024-04-09 The three texts this book, all written in vastly different eras —*The Communist Manifesto* (1848) by Marx and Engels, *Reform or Revolution* (1899) by Rosa Luxemburg and *Socialism and Man in Cuba* (1965) by Ernesto Che Guevara—illuminate socialist ideas of the 19th and 20th centuries. For a new generation of activists, these are classic revolutionary writings by four famous rebels, including *The Communist Manifesto* by Karl Marx and Friedrich Engels; *Reform or Revolution* by Rosa Luxemburg; and Che Guevara’s *Socialism and Man in Cuba*. Includes an introduction by Cuban Marxist intellectual Armando Hart and a preface by US radical poet Adrienne Rich. The essays in this book, *Manifesto*, were written by three relatively young people—Karl Marx when he was 30, Rosa Luxemburg at 27, Che Guevara at the age of 37. Born into different historical moments and different generations, they shared an energy of hope, an engagement with history, a belief that critical thinking must inform action,

and a passion for the world and its human possibilities. Here are urgent conversations from the past that are still being carried on, among new voices, throughout the world.

*American Night* Alan M. Wald, 2012-10-15 *American Night*, the final volume of an unprecedented trilogy, brings Alan Wald's multigenerational history of Communist writers to a poignant climax. Using new research to explore the intimate lives of novelists, poets, and critics during the Cold War, Wald reveals a radical community longing for the rebirth of the social vision of the 1930s and struggling with a loss of moral certainty as the Communist worldview was being called into question. The resulting literature, Wald shows, is a haunting record of fracture and struggle linked by common structures of feeling, ones more suggestive of the negative dialectics of Theodor Adorno than the traditional social realism of the Left. Establishing new points of contact among Kenneth Fearing, Ann Petry, Alexander Saxton, Richard Wright, Jo Sinclair, Thomas McGrath, and Carlos Bulosan, Wald argues that these writers were in dialogue with psychoanalysis, existentialism, and postwar modernism, often generating moods of piercing emotional acuity and cosmic dissent. He also recounts the contributions of lesser known cultural workers, with a unique accent on gays and lesbians, secular Jews, and people of color. The vexing ambiguities of an era Wald labels late antifascism serve to frame an impressive collective biography.

**Beautiful Oops!** Barney Saltzberg, 2010-09-23 A life lesson that all parents want their children to learn: It's OK to make a mistake. In fact, hooray for mistakes! A mistake is an adventure in creativity, a portal of discovery. A spill doesn't ruin a drawing—not when it becomes the shape of a goofy animal. And an accidental tear in your paper? Don't be upset about it when you can turn it into the roaring mouth of an alligator. An award winning, best-selling, one-of-a-kind interactive book, *Beautiful Oops!* shows young readers how every mistake is an opportunity to make something beautiful. A singular work of imagination, creativity, and paper engineering, *Beautiful Oops!* is filled with pop-ups, lift-the-flaps, tears, holes, overlays, bends, smudges, and even an accordion "telescope"—each demonstrating the magical transformation from blunder to wonder.

*Why Should Anyone Be Led by You?* Robert Goffee, Gareth Jones, 2006-02-07 Too many companies are managed not by leaders, but by mere role players and faceless bureaucrats. What does it take to be a real leader—one who is confident in who she is and what she stands for, and who truly inspires people to achieve extraordinary results? Rob Goffee and Gareth

Jones argue that leaders don't become great by aspiring to a list of universal character traits. Rather, effective leaders are authentic: they deploy individual strengths to engage followers' hearts, minds, and souls. They are skillful at consistently being themselves, even as they alter their behaviors to respond effectively in changing contexts. In this lively and practical book, Goffee and Jones draw from extensive research to reveal how to hone and deploy one's unique leadership assets while managing the inherent tensions at the heart of successful leadership: showing emotion and withholding it, getting close to followers while keeping distance, and maintaining individuality while "conforming enough." Underscoring the social nature of leadership, the book also explores how leaders can remain attuned to the needs and expectations of followers. *Why Should Anyone Be Led By You?* will forever change how we view, develop, and practice the art of leadership, wherever we live and work.

**Bloom** Kelle Hampton, 2013-04-02 "In her tender and genuinely beautiful memoir, Kelle Hampton encourages us to not simply accept the unexpected circumstances of our lives, but to embrace them like the things we wished for all along." —Matthew Logelin, New York Times bestselling author of *Two Kisses for Maddy Bloom* is an inspiring and heartfelt memoir that celebrates the beauty found in the unexpected, the strength of a mother's love, and, ultimately, the amazing power of perspective. The author of the popular blog *Enjoying the Small Things*—named *The Bump's Best Special Needs Blog* and *The Blog You've Learned the Most From* in the 2010 BlogLuxe Awards—Kelle Hampton interweaves lyrical prose and stunning four-color photography as she recounts the unforgettable story of the first year in the life of her daughter Nella, who has Down syndrome. Poignant, eye-opening, and heart-soaring, Hampton's *Bloom* is ultimately about embracing life and really living it.

**New Theatre Quarterly 62: Volume 16, Part 2** Clive Barker, Simon Trussler, 2000-08-17 *New Theatre Quarterly* provides a lively international forum where theatrical scholarship and practice can meet, and where prevailing dramatic assumptions can be subjected to vigorous critical questioning. It shows that theatre history has a contemporary relevance, that theatre studies need a methodology, and that theatre criticism needs a language. The journal publishes news, analysis and debate within the field of theatre studies. Articles in volume 62 include: *Staging and Storytelling*, *Theatre and Film: Richard III at Stratford*; *The Theatrical Biosphere and Ecologies of Performance*; *The Afro-Caribbean Identity and the English Stage*; *A Riposte to David Mamet: Heresy and Common Sense in True and False*; *Form as Weapon: the Political Function of Song in Urban Zimbabwean Theatre*; *'Aphrodite Speaks': on the recent Performance Art of Carolee Schneemann*; *Theatre and Urban Space: the Case of Birmingham Rep*; *Across Two Eras: Slovak Theatre from Communism to Independence*; *Whatever Happened to Gay Theatre?*

detail. Here are icons, like Prince's Yellow Cloud, Willie Nelson's "Trigger," Muddy Water's Thunderbird, and "Rocky," lovingly hand-painted by its owner, George Harrison. Historic instruments—Fender's Broadcaster, Les Paul's "Log," the Gibson Nick Lucas Special, the very first artist model. Hand-carved archtops, pinnacles of the luthier's art, from John D'Angelico to Ken Parker. Stunning acoustics from a new wave of women builders, like Rosie Heydenrych of England, who's known to use 5,000-year-old wood retrieved from a peat bog. And quirky one-of-a-kind guitars, like Linda Manzer's Picasso II—four necks, 42 strings, and a thousand pounds of pressure. Marrying pure visual pleasure with layers of information, Guitar is a glorious gift for every guitar-lover

A Pattern Language Christopher Alexander, 2018-09-20 You can use this book to design a house for yourself with your family; you can use it to work with your neighbors to improve your town and neighborhood; you can use it to design an office, or a workshop, or a public building. And you can use it to guide you in the actual process of construction. After a ten-year silence, Christopher Alexander and his colleagues at the Center for Environmental Structure are now publishing a major statement in the form of three books which will, in their words, lay the basis for an entirely new approach to architecture, building and planning, which will we hope replace existing ideas and practices entirely. The three books are The Timeless Way of Building, The Oregon Experiment, and this book, A Pattern Language. At the core of these books is the idea that people should design for themselves their own houses, streets, and communities. This idea may be radical (it implies a radical transformation of the architectural profession) but it comes simply from the observation that most of the wonderful places of the world were not made by architects but by the people. At the core of the books, too, is the point that in designing their environments people always rely on certain languages, which, like the languages we speak, allow them to articulate and communicate an infinite variety of designs within a forma system which gives them coherence. This book provides a language of this kind. It will enable a person to make a design for almost any kind of building, or any part of the built environment. Patterns, the units of this language, are answers to design problems (How high should a window sill be? How many stories should a building have? How much space in a neighborhood should be devoted to grass and trees?). More than 250 of the patterns in this pattern language are given: each consists of a problem statement, a discussion of the problem with an illustration, and a solution. As the authors say in their introduction, many of the patterns are archetypal, so deeply rooted in the nature of things that it seems likely that they will be a part of human nature, and human action, as much in five hundred years as they are today.

**Change by Design** Tim Brown, 2009-09-29 In Change by Design, Tim Brown, CEO of IDEO, the celebrated innovation and design firm, shows how the techniques and strategies of design belong at every level of business. Change by Design is not a book by designers for designers; this is a book for creative leaders who seek to infuse design thinking into every level of an organization, product, or service to drive new alternatives for business and society.

**Reconstructions of Gender and Information Technology** Hilde G. Corneliussen, 2023-09-30 This open access book explores what makes women decide to pursue a career in male-dominated fields such as information technology (IT). It reveals how women experience gendered stereotypes but also how they bypass, negotiate, and challenge such stereotypes, reconstructing gender-technology relations in the process. Using the example of Norway to illuminate this challenge in Western countries, the book includes a discussion of the “gender equality paradox”, where gender equality exists in parallel with gender segregation in fields such as IT. The discussion illustrates how the norm of gender equality in some cases hinders rather than promotes efforts to increase women’s participation in technology-related roles.
