How to Make a Plant Love You Summer Rayne Oakes,2019-07-09 Summer Rayne Oakes, an urban houseplant expert and environmental scientist, is the icon of wellness-minded millennials who want to bring nature indoors, according to a New York Times profile. Summer has managed to grow 1,000 houseplants in her Brooklyn apartment (and they're thriving!) Her secret? She approaches her relationships with plants as intentionally as if they were people. Everyone deserves to feel the inner peace that comes from taking care of greenery. Beyond the obvious benefits--beauty and cleaner air--there's a strong psychological benefit to nurturing plants as a path to mindfulness. They can reduce our stress level, lower our blood pressure, and improve our overall outlook. And they offer a rare opportunity to find joy by caring for another living being. When Summer Rayne Oakes moved to Brooklyn from the Pennsylvania countryside, she knew that bringing nature indoors was her only chance to stay sane. She found them by the side of the road, in long-forgotten window boxes, at farmers' markets, and in local garden shops. She found ways to shelve, hang, tuck, anchor, secure, and suspend them. She even installed a 150-foot expandable hose that connects to pipes under her kitchen sink, so she only has to spend about a half-hour a day tending to her plants--an activity that she describes as a moving meditation. This is Summer's guidebook for cultivating an entirely new relationship with your plant children. Inside, you'll learn to: Pause for the flowers and greenery all around you, even the ones sprouting bravely between cracked pavement Trust that your apartment jungle offers you far more than pretty décor See the world from a plant's perspective, trading modern consumerism for sustainability Serve your chlorophyllic friends by learning to identify the right species for your home and to recreate their natural habitat (Bonus: your indoor garden won't die!) When we become plant parents, we also become better caretakers of ourselves, the people around

us, and our planet. So, let's step inside the world of plants and discover how we can begin cultivating our own personal green space--in our homes, in our minds, and in our hearts.

Terrarium Craft Amy Bryant Aiello, Kate Bryant, 2011-04-25 A terrarium is nothing less than a miniature world—one that you can create yourself. It might be a tiny rainforest, with lush foliage and bright tropical flowers. Or a desert, with strange succulents planted among colorful stones. Or a Victorian fernery. Or a minimalist composition with a single, perfect plant. Or it might not contain any plants at all. It might be made with crystals, feathers, bones, seashells, bits of wood, porcelain trinkets—anything that catches your fancy and helps create a mood or look. Whatever they contain, terrariums are the ultimate in modern, affordable, easy-care décor. *Terrarium Craft* features fifty original designs that you can re-create or use as inspiration for your own design. Each entry comes with clear step-by-step directions on how to assemble and care for your terrarium. You'll also find helpful information about selecting a container, using appropriate materials, choosing the right plants, and maintaining your terrarium. (Hint: It's easy! High-Risk Homosexual Edgar Gomez, 2022-01-11 *Winner of the American Book Award* *Winner of the Lambda Literary Award for Gay Memoir/Biography* An Honor Book for the 2023 Stonewall Book Award—Israel Fishman Non-Fiction Book Award This witty memoir traces a touching and often hilarious spiralic path to embracing a gay, Latinx identity against a culture of machismo—from a cockfighting ring in Nicaragua to cities across the U.S.—and the bath houses, night clubs, and drag queens who help redefine pride I've always found the definition of machismo to be ironic, considering that pride is a word almost unanimously associated with queer people, the enemy of machistas . . . In a world desperate to erase us, queer Latinx men must find ways to hold on to pride for survival, but excessive male pride is often what we are battling, both in ourselves and in others. A debut memoir about coming of age as a gay, Latinx man, *High-Risk Homosexual* opens in the ultimate anti-gay space: Edgar Gomez's uncle's cockfighting ring in Nicaragua, where he was sent at thirteen years old to become a man. Readers follow Gomez through the queer spaces where he learned to love being gay and Latinx, including Pulse nightclub in Orlando, a drag queen convention in Los Angeles, and the doctor's office where he was diagnosed a "high-risk homosexual." With vulnerability, humor, and quick-witted insights into racial, sexual, familial, and professional power dynamics, Gomez shares a hard-won path to taking pride in the parts of himself he was taught to keep hidden. His story is a scintillating, beautiful reminder of the importance of leaving space for joy.
