The Summer Kitchen Karen Weinreb, 2009-07-07 When Nora Banks goes to answer the doorbell very early one November 1st, she thinks it must be a group of teen pranksters still out trick-or-treating. But it's no prank—it's the Feds, who have come to arrest her husband Evan for a white collar crime. Nora's enviable, privileged life in the eighteenth-century house she'd quit her job to renovate to museum-quality perfection, is upended in an instant. The Bedford wives close ranks against Nora and her children. Nora's only support comes from her children's nanny Beatriz. The two women bond to raise the boys as smoothly as possible while Nora goes back to work. Baking has always been her biggest passion, so she launches a business of her own, the Summer Kitchen. Tempted by the offer of an affair with one of the local husbands and thwarted by an alpha wife who actively tries to shut down her business, Nora has to reach into reserves she didn't know she had to support her family and change her way of thinking about life, family, money, and romance.

When Hanna Beth Parker hears about the arrival of her stepdaughter, Rebecca, who has stayed away for decades, she knows something is terribly wrong.
